“Good course, great tutors, helpful staff.”

Comments from National Student Survey
Take the opportunity to find out more about degree-level study at ncn and the subjects you’re interested in.

If you are into Art, Design, Fashion, Media, Law, Business, Hospitality and Tourism, join us for an informal visit to one of our open days at our City campus in Nottingham’s historic Lace Market and Creative Quarter.

WANT TO VIEW OUR FACILITIES AND SPEAK TO NCN STAFF?

Each open day runs from 10am–3pm at ncn City, The Adams Building, Stoney Street, Nottingham NG1 1NG

You can book onto an open day by visiting our website: www.ncn.ac.uk/heopendays

If you are interested in finding out about any of our other courses, or can’t make one of the dates listed above, we’ll happily arrange for you to visit on a day that suits you better.

Just get in touch on 0115 9 100 100 or email he.team@ncn.ac.uk with details of the courses you are interested in, plus the date/time that suits you best, and we'll arrange your campus tour to help you make an informed decision about your university-level studies.

1-2-1 SUPPORT PROVIDING A GREAT FEELING OF INCLUSIVITY ON CAMPUS

NOTTINGHAM IS WELL KNOWN FOR ITS GRADUATE EMPLOYMENT AND HAS BEEN REFERRED TO AS THE ECONOMIC CAPITAL OF THE EAST MIDLANDS (INVESTINNOTTINGHAM.COM, 2015)

WITH OVER 50 COURSES TO CHOOSE FROM TAKE A LOOK INSIDE TO SEE WHAT YOUR FUTURE HOLDS

Find out more: www.ncn.ac.uk/he
You will see a number of statistics quoted throughout this guide. Unless otherwise stated, these statistics are taken from the National Student Survey (2013 and 2014) and the latest Destinations of Leavers from Higher Education Survey (2014/15).

The annual National Student Survey looks at the satisfaction scores of students at higher education institutions across the UK, and the Destination of Leavers from Higher Education Survey gathers data from past students about what they do after they graduate. Both are designed to help you make a more informed choice about where you study.

With special thanks to our FdA Journalism students who have written the student case studies featured throughout this guide.
Finding the right course and the right place to study is a big decision. And when it comes down to it, it’s your choice.

We’ve put this guide together to give you the facts, show you what we think are the best reasons for choosing ncn, and let our students tell you how it’s working out for them.

**TAKE A LOOK AROUND**

We can give you a snapshot of what life is like at ncn in this guide, but if you really want to get a feel for the place come and see us.

- Take a tour of the facilities
- Meet our staff
- Get advice on finance, funding and the application process
- Talk to the experts.

We’d love to show you around. Why not book on to one of our open days, by logging on to www.ncn.ac.uk/heopendays.

To arrange a time to visit, just call 0115 838 0610 or email he.team@ncn.ac.uk

Or if you can’t visit us in person, find out more about us at www.ncn.ac.uk/he
WHY SHOULD NCN BE ON YOUR SHORTLIST?

Quite simply, ncn can offer you the smart route to a higher level qualification:

- a wide range of practical, career-related subjects
- great employment prospects
- small class sizes to enable you to get the maximum out of your teaching time
- more one-to-one support to help increase your confidence, improve your personal development and get you ready for the workplace
- dedicated tutors who really make the difference
- a qualification from a top UK university if you are taking a foundation degree or top-up degree
- a diverse student body including mature learners, part-time students and professionals
- a great range of part-time options to further your career

and all at a lower fee than traditional university study, with cash support, including bursaries, to help if you need it.

“...it’s a good environment to grow creatively.”

“Great teaching.”

National Student Survey
FOCUSING ON YOUR CAREER

INDUSTRY EXPERIENCE

We work in partnership with various local, national and international organisations from Disney World®, Capital FM, Thomas Cook, Pine Brook Country Club in Massachusetts to Nottingham Playhouse and Dance4. These partnerships ensure our programmes reflect the realities of the workplace and our facilities remain relevant and up to date. Most of our programmes include work placements and many offer live briefs with employers where you’ll be asked to deliver projects to help solve real-life problems.

Our tutors have impressive industry experience and contacts, and you’ll be encouraged to get involved with national competitions such as WorldSkills and events relevant to your area including New Designers, and Sound City.

Over the years we’ve had a host of top names dropping in to the College to share their advice and experience with our students, from Wayne Hemmingway, Marco Pierre White, Jamie Oliver, to major players at the BBC, Instagram, Facebook, Sky and many more. We’ve even played host to entertainment industry veteran David ‘The Hoff’ Hasselhoff!

It’s our job to get you ready for a fulfilling and successful career.

With this in mind all our courses are designed to equip you with the skills and experience that employers look out for, to make sure you stand out from the crowd.

Find out more: www.ncn.ac.uk/he
Many of our students move on to set up their own successful businesses from initiatives developed during their studies. You’ll have plenty of advice and support available to you if you need it.

Many of our courses incorporate a strong emphasis on entrepreneurship. You’ll get to meet people, connect with businesses around Nottingham and help develop projects within the local community.

Our range of part-time professional qualifications is designed to help you take your career to the next level. With recognised sector-endorsed programmes in accountancy, teaching, management, construction, floristry and more, there are plenty of options to help you reach your potential.

93% OF GRADUATES IN EMPLOYMENT OR FURTHER STUDY WITHIN SIX MONTHS OF GRADUATING

This rivals some of the UK’s top universities and demonstrates that by choosing ncn, you’re not only investing in your degree but also enhancing your future career prospects.

“Usage of top-end facilities; helpful, experienced and organised staff; loads of different and interesting activities within the College.”

National Student Survey
SUPPORTING YOUR STUDIES

We’ve got the right support in place to help you get the most out of your studies and prepare you for the right career path.

CAREER SUPPORT

We have an excellent careers and student advisory service to help you make the right choices for your career development. We offer one-to-one career planning sessions, alongside group activities geared towards the development of employability skills.

CHILDCARE

Our Once Upon a Time day nurseries are Ofsted registered and staffed by experienced and qualified early years professionals. We look after children aged between six weeks and eight years and have an excellent reputation both locally and nationally. We have nurseries at our City, Clarendon and Basford Hall campuses.

Places fill up fast, so please apply as soon as you can. For more information (including the locations of our nurseries, and possible help with childcare costs) or to apply for a place, call 0115 912 5502 ext 3475, email nurseries@ncn.ac.uk or visit www.ncn.ac.uk
SMALL CLASS SIZES

The one thing we hear from our students time and time again is how much they appreciate the small class sizes and one-to-one support from their tutors.

You just have to read the comments from our current and former students in the following pages to get a feel for the informal, supportive environment here. Teaching takes place in classrooms, workshops and studios rather than large lecture theatres, giving you a more personal learning experience and the chance to get your voice heard.

LEARNING CENTRES

We have over 50,000 resources including books, journals, DVDs and CDs spread across our five learning centres. Each learning centre’s resources reflect the courses taught on that campus but you can see them all, and request them at your campus, by using Folio, the online catalogue. As well as these resources, there is a vast array of online learning resources which you can access anytime.

The learning centres have close to 300 PCs; you can ensure access when you need one by using the online PC booking system, and you can always ask one of the friendly learning centre staff for any help you need.

HE STUDENT LOUNGES AND QUIET ROOMS

As a university-level student at ncn you’ll have access to dedicated HE student lounges on each campus where you can study, relax and socialise with your fellow HE students. We also have dedicated quiet rooms for our HE students, which are available in our learning centres when you really need to knuckle down and get away from any distractions.

ACADEMIC COACHING AND EMPLOYABILITY SKILLS (ACES)

For some the transition into higher education can seem daunting and a big leap from previous learning.

Our specialist study and employability skills tutors are on hand to help you adjust to higher level study and ensure that you can access all the support you need.

Our ACES team can help you plan assignments and give advice on research, writing, referencing, and presentations. They can work with you on a one-to-one basis, or you can join one of their workshops on a particular subject.

They are also here to help you develop your employability skills so that you’re sure you are in the best position to enter employment when you leave ncn. So, whether you want to work on your communication or time management skills, structure your dissertation or develop your academic writing, the ACES team is here to help. Contact us on aces@ncn.ac.uk to find out more.
THE NCN STUDENT EXPERIENCE

We encourage our students to dive in and take an active role in shaping their student experience. There are plenty of opportunities to get involved in student life outside of the classroom, with all sorts of hands-on experiences to explore.

STUDENTS’ UNION

crn Students’ Union is run by students for students, aspiring to ensure that all members get the most from their total student experience.

The SU seek to:

• Provide advice and representation for all students through Learner voice and student lead campaigns
• Co-ordinate a range of vibrant enriching and entertaining social activities
• Provide opportunities for personal growth and development

Through these goals, New College Nottingham Students’ Union will always seek to promote a better quality of student life.

LEARNER VOICE

crn SU is primarily run to ensure that the voice of learners is heard by senior college staff, your lecturers and the local community. Learner Voice is a key mechanism for gathering feedback from our students, allowing us to continually improve your experience here.

Learner Voice representatives meet on a regular basis to comment on the student experience and make suggestions for improvements. You’ll have an opportunity to express your views and have your say!

For more information about crn Students’ Union contact studentsunion@ncn.ac.uk or follow them on Twitter @ncn_students

Find out more: www.ncn.ac.uk/he
Usage of top-end facilities; helpful, experienced and organised staff; loads of different and interesting activities within the College.”

National Student Survey

EVENTS AND ACTIVITIES

The Students’ Union offers you the chance to take part in numerous events and activities throughout the year. If there is an activity you are particularly interested in, they can also set up a club or society so you can take part on a regular basis.

Our SU is also a part of the National Union of Students (NUS), a confederation of over 600 student unions from across the UK that campaigns on behalf of students on a variety of critical issues.

All our students are entitled to buy an NUS Extra card, giving you access to hundreds of great savings both online and in shops, as well as at restaurants and cinemas.

SPORT

Students on our full-time higher education courses have access to a wide selection of free sports sessions and sports teams that are available as part of the ncn sport programme. They are a great way to meet new people and develop new skills in the process.

We run competitive football and basketball teams that play in the AOC Sport league on a Wednesday afternoon. There are also 6 week taster sessions as well as a range of sports that run all year round including golf, cricket, badminton, ice skating and many more.

For more information please contact our Sports Team on ncn@ncn.ac.uk or follow them on Twitter @ncnSport or Facebook /ncn.sport
Studying for an HE qualification is an investment in your future, but we understand that the sums involved are considerable and that you will be looking to get the best value for your money.

That’s why our qualifications are set at more affordable levels than most universities, allowing you to achieve a full degree at a lower cost. We want our courses to be accessible to students from any background, so we’ve also put together cash support to provide financial help where it’s really needed.

All in all, it’s the smart route to a degree!

HOW MUCH DOES IT COST?

£6,950 for our full-time foundation degrees and BA (Hons) top-up degrees in the 2015/16 academic year.

Please contact us for details of our full-time fees for 2016/17 part-time university-level courses and part-time professional courses.

*These amounts are accurate at the time of publishing. Please contact us on 0115 838 0610 or he.team@ncn.ac.uk for up-to-date information.

Find out more: www.ncn.ac.uk/he
SUPPORT FROM THE GOVERNMENT

The government provides financial support for full-time and part-time university study, meaning that you don’t have to pay the fees upfront.

Tuition fee loans and help with living costs

With a tuition fee loan your fees will be paid for you while you’re studying and you’ll only start paying back the loan after you graduate and when you’re earning over £21,000*.

You can also apply for a maintenance grant or loan to help with living costs:

Maintenance grant: available to full-time students, and dependent on your household income – if you are eligible to receive a grant, you won’t have to pay this back.

Maintenance loan: available to full-time students, and also dependent on your household income – if you are eligible to receive a loan you’ll only start paying it back after you graduate when you’re earning over £21,000*.

You should contact Student Finance England as soon as possible if you intend to apply for a loan to cover the cost of your course:

Student Finance England
www.gov.uk/student-finance
0300 100 06 07
textphone/minicom: 0300 100 0622

If you live in Wales, Northern Ireland or Scotland you should contact your national student finance service:

Student Finance Wales:
www.studentfinancewales.co.uk
0300 200 40 50
textphone/minicom: 0300 100 16 93

Student Finance Northern Ireland:
www.studentfinanceni.co.uk
0300 100 00 77
textphone/minicom: 0300 100 06 25

Student Awards Agency for Scotland:
www.sas.gov.uk
0300 555 05 05
textphone/minicom: 0131 244 51 07

CASH SUPPORT

We want our courses to be available to anyone interested in studying with us. We award annual cash support in the form of means-tested bursaries which you don’t have to pay back. Contact us for up-to-date information.

PART-TIME STUDY

Tuition fee loans are now available for part-time university-level study. If you’re aged 24 or above and want to study one of our Level 4 part-time courses, you may be eligible to receive a 24+ Advanced Learning Loan. You can find out more by visiting www.gov.uk/advanced-learning-loans or contact us to find out which courses are eligible.

FUNDING FOR EMPLOYERS

Funding may be available for employers looking to upskill their employees through a Higher Apprenticeship or part-time higher level course. Our business to business team will be able to advise on which funding is currently available, contact them on 0808 168 7087 or at b2b@ncn.ac.uk. If you’re from another EU country you can find out about financial support for tuition fees from www.gov.uk.

FEES FOR DISTANCE LEARNING COURSES

ncn has teamed up with distance learning experts RDI to offer a flexible and affordable way to study for a BSc (Hons) Computing degree*, with access to a student loan.

Tuition fees for distance learning courses are typically lower when compared to full-time study at a university and can be supported by a student loan, with no age restrictions or effect on your household income.

There are various payment options if you are paying for your degree yourself or if your course is being funded by your employer.

There’s nothing stopping you from beginning your studies this year and our admissions team is happy to talk you through your funding options on 024 7651 5707.

*Subject to demand and approval
NOTTINGHAM – AN HISTORIC CITY WITH A MODERN EDGE

A culturally diverse city right at the heart of England, Nottingham boasts a rich heritage and thriving arts scene helping to shape it into a hotbed of creativity and innovation – making it the city of choice for over 60,000 students who live, work and study here.

THESE STREETS

Nottingham is a modern city but steeped in a rich history that stretches back to the Middle Ages and beyond. Home to one of the oldest pubs in England (Ye Olde Trip To Jerusalem), Nottingham has close to a thousand listed buildings, ranging from the Victorian to the Medieval, whilst each year the city plays host to the world famous Goose Fair, a tradition for over 700 years and still going strong today.

Nottingham is well known for its graduate employment and is the seventh richest city in the UK (investinnottingham.com).

Nottingham’s proud sense of heritage is matched only by its dedication to staying ahead of the curve with fibre-optic broadband as standard, a brand new tram system and a booming creative and digital sector.

Nottingham is also one of the few cities to be accredited with a Purple Flag award for its variety, safety and cleanliness.

RETAIL THERAPY

Nottingham is home to some of the best shopping outside of London. From top brands in the city centre, to the trendy boutiques and vintage shops tucked away in the winding backstreets of fashionable Hockley (described as Nottingham’s Soho), there’s enough to satisfy even the most diehard shopaholic.

OUT ON THE TOWN

Nottingham is famed for its buzzing nightlife and can boast more pubs, bars and restaurants per square mile than any other city in Europe. From first-rate live
music venues like Rock City and Jam Café, to the theme room filled Oceana (a favourite for students), or fashionable cocktail bars like Coco Tang and Saltwater, Nottingham’s nightlife has something to suit all tastes.

CULINARY CHIC

For those who love to eat out, Nottingham has plenty of choice. From popular chain restaurants and independent eateries, to the Michelin-starred fine dining on offer at Restaurant Sat Bains, you’re sure to find something to tickle your taste buds. A well-developed café culture with both familiar franchises and quaint coffee houses means Nottingham is the perfect place to while away a quiet afternoon.

SPORTING CITY

Nottingham is also a fantastic city for sport, home to such world-class venues as Trent Bridge Cricket Ground, the National Ice Centre, the National Water Sports Centre at Holme Pierrepont and the Nottingham Tennis Centre, to name just a few.

In 2014, Nottingham was also named the City of Football by Sport England.

AN EVENING OF CULTURE

If you’re in the mood for a bit of culture, the Nottingham Playhouse is well known for its boundary-pushing performances, whilst the stately Theatre Royal and its neighbour the Royal Concert Hall host world-class productions of theatre and music year round, drawing acclaimed performers from the worlds of drama, comedy, classical, pop, rock and opera to their stages.

Alternatively, you could try exploring Nottingham’s flourishing underground art scene, centred around one of the largest galleries of contemporary art in the country, the Nottingham Contemporary.
INTERNATIONAL STUDENTS

Each year we welcome students to Nottingham from all around the world.

The information in this guide will help you see what is on offer, if you need more details contact our International Centre.

ENTRY REQUIREMENTS

We accept a wide range of overseas qualifications, so please contact us for advice.

If you’re not ready to start one of our higher education courses, we offer university foundation courses specifically designed for international students who are aiming to progress to university-level programmes in the UK.

Entry into the UK to study via the tier 4 visa route will be subject to Home Office scrutiny. Acceptance onto a course is not guaranteed unless their criteria is met.

ENGLISH LANGUAGE REQUIREMENTS

It is important that you are able to speak, write and understand English at an appropriate level. You must have a minimum English level of academic IELTS (International English Language Testing System) of 5.5 (no component below 5.0) or an equivalent qualification recognised by the Home Office on their list of secure English Language test providers – see the list of approved English Language tests at www.gov.uk (search for Tier 4).

For HNCs and foundation degrees:
You’ll need IELTS (academic) test score of 5.5 or above (with no component less than 5.0) or equivalent qualification.

For BA (Hons) top-up degrees:
You’ll need IELTS (academic) test score of 6.0 or above (with no component less than 5.5), or equivalent qualification.
ENGLISH LANGUAGE SUPPORT AND TECHNICAL TUTORIALS

English classes are provided as an integral part of your HE course. These classes will support you in understanding your course, lectures and essay and project writing.

Technical tutorials will also help you to use and understand the technical language related to your specific course.

INTERNATIONAL CENTRE

Specially trained staff are available to support you during your course and answer any questions you may have on subjects such as: your course, welfare, visa support, and accommodation.

STUDENT HALLS

There is a wide range of student halls in the city centre available to ncn students:

- Victoria Hall
  www.victoriahall.com
- iQ Nottingham (Exchange)
  www.iq-student-accommodation.com
- Trinity Square
  www.derwentstudents.com

Just outside the city centre are:

- Mansion Square
  www.mansionstudent.co.uk
- Cotton Mills
  www.cottonmills.co.uk
- The Village
  www.manorvillages.co.uk

WHAT’S NEXT?

If you’re interested in any of these accommodation options, go to www.ncn.ac.uk/he. You’ll find in-depth information regarding shared student housing and student halls. Please contact our accommodation officer for more information at accommodation@ncn.ac.uk or call 0115 838 0596.

FEES

Contact the International Centre for the most up-to-date information regarding tuition fees for your chosen study programme.

We offer a specialist service for disabled students to suit your individual requirements.

Call 0115 9 100 100 for information.

We are continually improving our support facilities so ask us for the latest information.

* Parking for disabled people at city centre sites is subject to restrictions.

Find out more: www.ncn.ac.uk
THE DISABLED STUDENTS’ ALLOWANCE (DSA)

As a higher education student living in England you can apply for DSA if you have a disability, on-going health condition, mental-health condition or specific learning difficulty such as dyslexia. DSA is a grant that helps to pay for extra equipment and support that you may need as a direct result of your disability.

DSA can help with the cost of having a non-medical helper, specialist equipment, and the cost of extra travel and other items for your course, such as extra books and photocopying. The grant is paid on top of your other student finance and won’t have to be repaid.

You should apply for DSA as soon as possible so that the appropriate support is in place by the time you start your course; you don’t have to wait until you have a confirmed place at college. You can find out more about DSA at: www.gov.uk/disabled-students-allowances-dsas

LEARNING SUPPORT

We’d like to help you with any learning support needs, so it’s important that you talk to us as soon as possible and include details of your condition in your application. We can arrange for a variety of support services for students with learning difficulties or disabilities who are in receipt of DSA, including:

- specialist equipment
- personal assistance
- access arrangements
- in-class and one-to-one support
- assessments

Contact the ACES team on 0115 838 0552 or email aces@ncn.ac.uk

DEAF ACCESS TEAM

We have a professional team to provide support in sign language communication; sign supported English; lip speak; modification and note-taking. For more information call 0115 838 0952, text 07817 310 183, or email deafaccessteam@ncn.ac.uk

EMOTIONAL HEALTH AND WELLBEING SERVICE

We can offer support before you start your course and throughout your studies – call us on 0115 916 6293 for more information.

VISUAL IMPAIRMENT

We have a qualified tutor of the visually impaired and provide specialist equipment, one-to-one support and note-takers/readers/scribes. Whatever your support needs, contact us early to discuss your individual requirements – call us on 0115 838 0951 or 07970 190 407.
WHICH QUALIFICATION?

There are a number of different types of qualification listed in this guide, full descriptions of which you can find below.

These vary in terms of entry requirements, duration of the course, level and mode of study (full or part-time).

Whichever route you choose you’ll find a strong vocational focus and clear progression routes into either subsequent education or employment.

FOUNDATION DEGREE (FdA/FdSc/FdEng)

Foundation degrees are innovative, nationally-recognised qualifications, designed in partnership with employers to give you precisely the skills they look for at a professional level.

Our foundation degrees are awarded either by Nottingham Trent University or the University of Derby, depending on the subject studied.

Generally this qualification will take two years to complete, when studied on a full-time basis. Many of our foundation degrees are also offered for study part-time, over the course of three years.

After completing your studies you can progress to a further professional qualification, or top up to an honours degree.

BA (HONS) TOP-UP DEGREE

With only one more year of full-time study (or two years part-time), you can top up your HND or foundation degree to a full BA (Hons) degree.

We offer top-up degrees in a number of subjects, all of which are awarded and validated by Nottingham Trent University.

HIGHER NATIONAL CERTIFICATE/DIPLOMA (HNC/HND)

HNCs and HNDs are vocational qualifications designed to prepare you for the workplace and can be studied either full-time or part-time. An HND carries double the academic credit of an HNC, and our programmes allow you to top up your HNC to an HND. You could potentially enter the second year of a degree with an HNC, or the second or third year with an HND. An HND can also be topped up to an honours degree with an appropriate top-up course.

Find out more: www.ncn.ac.uk/he
NOT QUITE READY FOR A UNIVERSITY-LEVEL QUALIFICATION?

If you’re an adult who would like to study at degree level, but don’t feel you have the necessary traditional qualifications to apply, an Access to HE course could be the answer.

You’ll learn in a relaxed, friendly environment in small groups at a pace that suits you. You’ll study for a year and successful completion of the course will allow you to enter a degree-level course.

Our Access to HE courses are flexible and have been designed to enable you to fit your studies around other commitments such as the school run. They are available in a range of subjects such as art and design, business, media, nursing and midwifery, social sciences, teaching and more.

You may be eligible to apply for a 24+ Advanced Learning Loan if you’re aged 24 or over which will not need to be repaid if you go on to complete a degree-level course*.

* Accurate at the time of publishing, please check with us before you apply.
WHICH QUALIFICATION? (continued)

MATURE LEARNERS WELCOME

We actively welcome applications from mature learners who may not have formal qualifications, but have a wealth of industry experience from working in their chosen sector. Our mature students bring valuable knowledge and experience to classes in which all students on the course can share.

PART-TIME PROFESSIONAL QUALIFICATIONS

If you are looking to progress in your career or increase your skills in other fields, we offer a wide range of higher level professional qualifications to do just that. They are all available to be studied on a part-time basis and vary in duration, level and cost. Many of these qualifications are internationally recognised and are accredited by professional bodies. Often our courses are a great opportunity to network with local professionals. Our part-time professional qualifications are identified in the guide by the symbol below.

HIGHER APPRENTICESHIPS

Higher Apprenticeships provide a combination of on and off-the-job training to give employers access to the most skilled and up-to-date employees, and allow our students to gain critical first-hand experience of the fields they wish to join. Funding may be available for employers looking to invest in improving and updating their employees’ skillsets in this way. (See page 52 for details of funding for construction courses.)

Find out more: www.ncn.ac.uk/he
A NOTE TO EMPLOYERS

Our higher level qualifications are ideal for employed students to provide them with the professional skills and knowledge they need to be successful in today's business environment.

We’ve worked with our university awarding bodies to ensure our programmes will equip your employees with the skills and knowledge to make a positive and valuable contribution to your organisation.

By upskilling your own staff to a management level, you’ll find new ideas and approaches coming into your organisation, increased retention and loyalty, and an improved bottom line resulting from highly skilled, highly motivated staff. Not only will your employees learn subject-specific skills, they’ll also build on their interpersonal skills such as communication, teamwork, problem-solving and report writing.

To find out about the opportunities and funding available for your staff, contact our business to business team on 0808 168 7087 or at b2b@ncn.ac.uk

GRADUATION

After all your hard work and perseverance, your efforts will be recognised in front of family, friends and fellow graduates in our annual formal graduation ceremony.

All successful full and part-time final year higher education students are invited to attend. This is your day to shine, celebrate and be recognised for your achievements!

“The course has improved my communication skills and given me confidence in tackling unfamiliar problems.”

National Student Survey
ENTRY REQUIREMENTS

Before completing your application, you should check whether you have, or expect to gain, the necessary qualifications for entry.

In general our entry requirements are:

FOUNDATION DEGREE

You’ll need the number of UCAS points specified in the details of your chosen course, from:

• at least two ‘A’ Levels at ‘A2’
• BTEC Diploma or Extended Diploma
• International Baccalaureate

Other combinations of qualifications will also be considered, as will Level 3 qualifications not currently listed on the UCAS tariff. For creative courses you would usually need a qualification in a relevant subject area.

You will be expected to demonstrate literacy and numeracy skills at Level 2 or above.

BA (HONS) TOP-UP DEGREE

You should possess or expect to achieve one of the following in a related subject area:

• Foundation degree (FdA)
• Higher National Diploma (HND)
• Diploma of Higher Education (DipHE)

HIGHER NATIONAL CERTIFICATE/DIPLOMA (HNC/HND)

You will need at least one of the following:

• at least two ‘A’ Levels at ‘A2’, one in a related subject area
• BTEC Diploma or Extended Diploma in a related subject area
• International Baccalaureate

Other combinations of qualifications will also be considered, as will Level 3 qualifications not currently listed on the UCAS tariff.

You will be expected to demonstrate literacy and numeracy skills at Level 2 or above.

In all cases, experienced mature applicants with relevant professional experience and/or qualifications are welcome to apply.

Some courses ask for a minimum number of UCAS tariff points; point scores can be calculated using the UCAS tariff table. For up-to-date information on the tariff, go to www.ucas.com or contact us directly.

If you do not meet the entry requirements for your chosen course, you may be interested in finding out more about our Access to Higher Education courses, or our further education courses. Please call us on 0115 9 100 100, or visit www.ncn.ac.uk.

HOW TO APPLY

There are two main ways to apply to ncn depending on the type of course you wish to study.

1. APPLYING THROUGH UCAS

Applications for full-time higher education courses must be submitted through UCAS (Universities and Colleges Admissions Service), the organisation responsible for managing applications to HE courses across the UK. You can make your application online at www.ucas.com.

You’ll need to register an account with UCAS before making an application. The application process is straightforward, but it’s best to have all the necessary documents and information close to hand before you get started. UCAS charges a fee for your application.

You’ll be asked which courses you wish to apply for, so you’ll need both the course code and the code for the institution you’re planning to study at. The institution code for New College Nottingham is N30. Our individual course codes are listed in the course details in this guide.

UCAS has a number of advisory deadlines which we recommend you stick to in order to receive equal consideration; however we do welcome applications throughout the year. You can contact UCAS directly on 0371 468 0468.

2. APPLYING DIRECTLY TO ncn

Applications for part-time higher education and part-time professional courses should be made directly to ncn using the online application form available at www.ncn.ac.uk.

Alternatively, you can request an application form by contacting he.team@ncn.ac.uk or by calling 0115 838 0610.

UCAS EXTRA AND CLEARING

UCAS Extra can help you if you’re not holding an offer after using all five of your choices on your UCAS application. It gives you the opportunity to apply for one additional course at a time. UCAS Extra usually runs from February until the end of June each year.

Clearing begins in mid-July and lasts until mid-October each year, and is an opportunity for students not currently holding an offer to secure a place on a full-time HE course where vacancies exist.

If you wish to apply for one of our courses during the Clearing period but have not yet applied through UCAS, or need to enquire about vacancies, please contact our HE team directly on 0115 838 0610 or 0115 838 0517.
ART, DESIGN AND FASHION

• Spacious, open plan studios

• 3D workshops, ceramics studio, photographic studio, dark rooms, print-making facilities, CAD suite, impressive gallery space, computer graphics suite

• Live projects and work placements with industry partners

• Participation in national competitions and exhibitions such as New Designers, UK Young Designers and WorldSkills

• Visits from industry professionals and guest speakers

• The opportunity to exhibit your work in a final end of year show

Duration
2 years full-time

Campus
ncn City

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).
You may be invited to an interview.

Why choose this course?
This exciting new course is being designed with professionals in the comic industry and will allow you to explore your creative side as you get to grips with the very latest techniques. You will have the opportunity to become involved in exciting practical projects and national and international competitions.

Gaining confidence in this exciting new medium, you will have a strong understanding of what it takes to become a successful creator of comic books. You will achieve a strong understanding of comic art theory as well as techniques and employment opportunities.

About the course
You’ll cover a range of core drawing techniques, semiotics and narrative, learning how to develop a keen sense of visual language in order to communicate a story.

Year 1 lays the foundations that you will build on in Year 2, giving you the opportunity to explore ideas and have a strong historical context of the industry and how it has developed and expanded. You’ll explore the core values of comic book art and design and how to adapt and contextualise it.

Year 2 allows you to progress the techniques and skills that you have learnt in Year 1 to the next level. Giving you a real feel for the industry, you’ll have the chance to work on a final major project. Briefs will be linked with the industry and you will develop and hone both your digital and typographical skills.

Guest speakers will be a regular feature of the course, where you’ll be able to ask industry experts about their time in the field and best practise.

Core modules in Year 1 include:
• ideas and concepts
• visual techniques and processes
• history of comics
• research and narrative
• sequential script writing
• digital applications

Core modules in Year 2 include:
• comics in context
• advanced digital applications
• freelance and professional practice
• layouts, lettering and typography
• final major project: pitch and development
• final major project: publication

Assessment
Assessments take place throughout the year and will be based on your submitted project work, as well as your research and any digital content.

Your career and progression
After the course you can expect to pursue a career in your chosen area of the comic art industry, including: graphic design, comic book artist, comic art editor, artist, arts officer and many more.

We offer a BA (Hons) Digital Media Design Top-up Degree (see page 78), validated by Nottingham Trent University, which allows you to specialise further. There are also other top-up degrees available here and throughout the country.

COMING SOON
COURSE FOR 2015/2016
SUBJECT TO APPROVAL

enquiries@ncn.ac.uk  Tel: 0115 9 100 100
FASHION FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn City

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22). These could also be from a Diploma in Foundation Studies Art and Design.

You’ll be invited to an interview and will be asked to submit an e-portfolio or written assignment.

Why choose this course?
It’s perfect if you’re looking for a practical hands-on full degree in Fashion with strong links to the fashion industry. You can study this course for two years and top up to a full BA (Hons) degree with just one more year of study on our BA (Hons) Design (Fashion) Top-up Degree (see page 32).

About the course
Situated right in the heart of Nottingham’s Creative Quarter this course has some fantastic links with the industry including Paul Smith, The Trend Boutique, Speedo and Quantum Clothing to name but a few.

The course focuses on the design process from forecasting and concept development to design, creative pattern cutting and manufacture, together with the visual communication of ideas and technical information to industry standard.

You will undertake a wide range of live projects and competitions which will help you to develop and realise your creative potential and experience realistic work relevant to the fashion industry. You will attend exhibitions and seminars and have the opportunity to research the international fashion market during a European study trip.

Core modules include:
• research, design, pattern cutting and manufacture
• draping, creative pattern cutting, design and manufacture including jersey and swimwear
• visual communication techniques for fashion including life drawing and CAD
• the fashion business
• fashion in society
• advanced research, design, pattern cutting and manufacture
• final major project in a specialist area of your choice

If you choose to study this programme on a three-year part-time basis, we’ll arrange an appropriate study plan for you.

Assessment
Your work will be assessed on a continuous basis.

Your career and progression
You may be able to progress on to our one-year BA (Hons) Design (Fashion) Top-up Degree (see page 32). Or you may wish to progress to an alternative top-up course or the second or third year of a specialised degree course.

Alternatively, you could start your career in the fashion and clothing industries or related areas. Many of our students have progressed into employment with some of the world’s biggest fashion brands.
100% of graduates in employment or further study within six months of graduating.

GRAPHIC DESIGN FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn City

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22). These could also be from a Diploma in Foundation Studies Art and Design.
You’ll be invited to an interview with a design-related portfolio and examples of written work.

Why choose this course?
It’s the perfect option if you want to explore your creativity, take risks, build your confidence, and prepare to reach your potential within the industry. You’ll be able to specialise in one of three pathways: graphic design; advertising; or illustration.

About the course
This course has visual communication at its core. You’ll be encouraged to solve creative problems using both traditional design methods and computer technology that allows for experimentation, exploration and creativity. You may have a very clear idea of your direction on starting the course, but you’ll be challenged to take risks and develop ideas of genuine originality.

Year 1 lays the groundwork for the innovative exploration of ideas that have strong historical and contextual foundations within graphic design. You’ll explore the core values of the design process through a range of disciplines.

Year 2 offers design problems with more limits attached, resulting in more realistic outcomes. There is more emphasis on a critical awareness of project work, as well as an expectation of increased professional practice. Project briefs will be linked with industry and developed through advanced studio practice where you’ll begin to focus on your chosen pathway.

You’ll propose and execute your own brief through a final major project which will form part of the annual end of year show.

Core modules include:
• ideas generation and exploration
• visual studies
• design process
• digital applications
• historical and contemporary studies
• professional practice

Pathway modules include:
• advanced studio practice
• final major project proposal
• final major project resolution

If you choose to study this programme on a three-year part-time basis, we’ll arrange an appropriate study plan for you.

Assessment
Your work will be assessed on a continuous basis through weekly progress reviews, tutorials and assessment periods which take place three times a year.

Your career and progression
There is a wide range of career opportunities within the industry, or you could continue your studies to the final stages of a related honours degree or on to our BA (Hons) Design (Graphics) Top-up Degree (see page 32).

We have links with local, national and international companies who look for graduates to join their organisations.

Students participate in the annual New Designers exhibition in London, where they have won awards in recent years and been singled out for the quality of their work. This is the ideal opportunity to showcase your work to talent scouts from the industry.

Guest speakers are a regular feature of the course; recent visitors have included Tomato Collective, Tom Muller and Studio Output.

Mat Bentley studied Design and Graphics at ncn. He is now the creative director for a custom graphics motorbike shop in Ripley, Derbyshire.

“The course helped me to understand the ins and outs of graphic design in the real world. The leadership of the tutors enabled me to gain the skills needed for the industry. I utilized this knowledge to help me land my dream job.

“The best advice I could give is to study hard and balance fun at the same time. Ask lots of questions, but don’t overwork yourself!”

DESIGN BA (HONS) TOP-UP DEGREE

Duration
1 years full-time
2 years part-time

Campus
ncn City

Entry requirements
See entry requirements section on page 22 – these qualifications should be in a graphics, fashion or design-related area.

You’ll be invited to an interview with a portfolio of your work.

Why choose this course?
If you already have an HND or foundation degree this course allows you to top up to a full BA (Hons) in Design with just one further year of study (or two years on a part-time basis). You can specialise in your chosen pathway: design; design (fashion); or design (graphics).

About the course
The course suits students from the following specialist areas: graphic design; fashion; or design. It combines practical studio work in your specialist design area with contextual and theoretical modules. Specialist studio areas are available for studio practice and you’ll have access to supporting workshops.

There is a shifting emphasis from group and studio/ workshop teaching in semester one to individual tutorials in individual spaces in semester two. The programme promotes an enquiring, creative and challenging approach towards your work. It encourages the belief that designers have independent thoughts, feelings, reactions and attitudes which they need to externalise and visualise within theoretical work and practical design practice.

Core modules include:
• research and academic skills
• specialist studio practice
• contemporary issues in design

Pathway modules include:
• practice-led research
• advanced studio practice

Assessment
You’ll be assessed through individual and group assignments and presentations, research tasks and individual studio project work. Your work will be displayed in an end of year professional portfolio and public exhibition.

Your career and progression
There is a wide range of career opportunities within the creative industries. Many of our graduates set up their own small businesses. Some graduates choose to venture into other sectors and are equally successful in gaining employment due to the transferable skills gained on the programme.

Our graduates have gained employment with companies such as Pendragon PLC; Broadway Cinema Nottingham; Hyundai; and ASDA clothing brand, George.

Other graduates continue with their studies with higher degrees or teacher training.
After completing her FdA in Graphic Design, Bethany progressed onto the BA (Hons) Top-Up in Design. She has also produced her own illustrated children’s book, Strange Things, which was highlighted as one of the best of 2013 at the London New Designers’ Show.

Bethany is also the creator of fashion and beauty blog Bird’s Words, which was shortlisted for Cosmopolitan’s ‘Best Established Beauty Blog’ category out of over 43,000 other entrants in 2013.

Bethany graduated with a First Class BA (Hons) Design degree.

“My time at ncn has been an amazing experience and as a result I have complete confidence in myself and my abilities to go on and find employment in the industry.”

Bethany Kemp
ncn student

"Our tutors are very good at pushing us and helping us develop.”

National Student Survey
BUSINESS, FINANCE AND PROFESSIONAL DEVELOPMENT

- Trips to multinational companies, sector-specific museums and law courts
- Opportunities to put your management skills into practice, eg. organising networking events, running team projects, or developing business plans for real businesses
- Visits by industry specialist guest speakers
- Courses developed with employers to meet current industry needs
- Supportive, approachable tutors with first-hand business management experience
- Access to resources at Nottingham Trent University
- The opportunity to progress to the second year of the LLB (Hons) Law Degree at Nottingham Trent University after successful completion of FdA Law
BUSINESS MANAGEMENT FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn City

Entry requirements
You’ll need between 140 and 240 UCAS points (see entry requirements section on page 22). We’ll consider other Level 3 qualifications and related work experience.

You’ll also need a minimum of GCSEs at grade A*-C in Maths and English Language (or equivalent).

You may be invited to an interview.

Why choose this course?
If you’re looking for a successful career in business this course provides the knowledge, understanding and skills required, and is solid preparation for progression onto a top-up degree course (see page 40).

About the course
You’ll study one of three pathways:
information systems; sales and marketing; or small business enterprise.

Year 1 modules include:
• developing business skills
• business liability
• managing communications
• marketing tools
• business finance
• employment law
• work placement (May to September)

Year 2 core modules include:
• human resources management
• business decision-making
• research project
• management and leadership

Year 2 pathway modules include:
Information systems:
• project management
• business information systems

Sales and marketing:
• marketing campaigns for the 21st century
• sales operationss

Small business enterprise:
• entrepreneurship
• enterprise development

If you choose to study this programme on a three-year part-time basis, you’ll study five modules in the first year and four per year after that.

A final year research project module allows you to combine many of the skills you’ll have developed to produce findings about a particular area of interest. This will help with your progression should you decide to top-up to an honours degree.

You’ll complete an industrial placement in your first year. You’ll need to arrange this by Christmas of the first year. The course begins with a two-week business skills module to introduce you to the study and research skills required at higher education level.

Assessment
Each module is internally assessed through a variety of individual assignments, group assignments and exams.

Your career and progression
There is a wide range of career opportunities available to you along with the chance to continue your studies to a higher level. You may progress on to our BA (Hons) Business Studies Top-up Degree (see page 38), validated by Nottingham Trent University, or to a related honours degree, or you could undertake further specialist study.

100% STUDENT SATISFACTION SCORE
LAW FOUNDATION DEGREE

Duration
2 years full-time

Campus
ncn City

Entry requirements
You’ll need between 160 and 240 UCAS points (see entry requirements section on page 22).

You’ll need a minimum of GCSEs at grade A*–C in Maths and English Language (or equivalent).

If you have the ILEX Level 3 Diploma you are welcome to apply.

You may be invited to an interview.

Why choose this course?
It’s perfect if you’re looking to develop your knowledge of law before moving onto further study – successful completion of this course will allow you to join the second year of study on an LLB (Hons) Law Degree at Nottingham Trent University.

About the course
This course has been designed with the help of employers to ensure that it meets their needs.

You’ll be expected to develop a range of skills including: communication and presentation skills, which will be developed and assessed by researching and completing individual and paired presentations; analytical and problem-solving skills through case studies; and practical professional skills through work-related assessments, including conveyancing activities.

All of these will be taught in the context of the legal environment to support your academic study, preparation for employment or career progression.

Year 1 modules include:
• legal method
• law of contract and problem solving
• skills of law, English and communication
• foundation in criminal law
• professional environment

Year 2 core modules include:
• law of tort and case analysis
• public law and human rights
• foundation in property law
• European legal environment
• foundation in employment law

You’ll have access to some resources at Nottingham Trent University and will be visited by a number of external speakers throughout the course.

Assessment
Assessment is via a range of methods including portfolio building, presentation, examinations, assignments and case studies.

Your career and progression
Successful completion of the course enables entry on to the second year of the Nottingham Trent University LLB (Hons) Law Degree, or to other higher education institutes (subject to entry requirements).

Further study at Nottingham Trent University could result in a Qualifying Law Degree (QLD).

Alternatively, you could move on to other courses or into employment, for example as a paralegal.

Whatever your career ambitions, the knowledge of law gained on this course will be invaluable for example when negotiating, agreeing contracts or dealing with employment rights.

Find out more: www.ncn.ac.uk/he
UCAS code: M100

Kayleigh Smith, studied Law on the foundation degree at ncn and is now at Nottingham Trent University in the second year of the full time LLB Law course, which will enable her to complete her degree.

Commenting on the FdA Law programme, Kayleigh said: “ncn taught me to love the subject and made me want to pursue a career in law as a criminal solicitor. It definitely prepared me for the course at Nottingham Trent and gave me the skills and knowledge that I needed to progress.”

Kayleigh Smith
Former ncn student
BUSINESS STUDIES BA (HONS) TOP-UP DEGREE

Duration
1 year full-time
2 years part-time

Campus
ncn City

Entry requirements
See entry requirements section on page 22. Mature students will be invited to an interview. References may be requested.

Why choose this course?
It’s ideal if you already have a knowledge of business and are looking for a career at management level. You’ll build on your employability and business skills and have plenty of opportunity to see the principles of business management in practice.

The course gives you the opportunity to build on the knowledge you may have gained through a foundation degree, or in industry, to top up to a full honours degree in just one more year of full-time study.

About the course
This course seeks to develop your existing knowledge, skills and experience and enhance your understanding of the business environment. Prior knowledge of business topics is assumed. You may choose, to some degree, to specialise in your area of interest through research and assessments within certain modules.

The course is vocational and rooted in an awareness of the practice of business management. This is underpinned by an understanding of the central and contemporary business theories that will inform your understanding of the business world and your role in it.

You will study the following subjects:
• academic research skills
• business enterprise management
• business ethics
• strategic business decision-making
• dissertation
• business in the economic environment
• global marketing

The modules listed above may be subject to change.

What you cover on the course will be enhanced by visits from guest speakers and trips to see first-hand how theory is applied to real-life situations in industry.

The course places a strong emphasis on getting you ready for the workplace and your career ahead.

You’ll develop the skills that employers are looking for in their business graduates ranging from presentation skills, report writing, problem solving to analytical skills. On leaving the course you’ll be ready to embark on your business career or move it to the next level.

Assessment
Assessment is via a range of methods including portfolio building, presentation, examinations, assignments and case studies.

Your career and progression
Graduates of this programme have obtained careers in a range of management positions in large or small organisation in a variety of business sectors, and have joined a number of graduate training schemes.

Our graduates have gone on to careers in a wide variety of sectors with employers from KPMG to The Aspinal Foundation, and Nottinghamshire Police to Paul Smith.

Alternatively, you could progress to postgraduate study in a range of subjects.

Find out more: www.ncn.ac.uk/he
“I have enjoyed all modules. The teaching and support has been superb.”

National Student Survey

Nottingham has been named as one of the top areas for job growth in the country.

Duration
54 months (Computing BSc (Hons))
78 weeks (Computing BSc (Hons) Top-Up)

Campus
various

Entry requirements
Two Subjects at GCE A level or equivalent, plus passes at grade C or above in three subjects at GCSE level or equivalent; or:
• completion of a recognised Access Programme or equivalent
• a personal statement (of between 350-500 words) that addresses your motivation for undertaking the programme, references, relevant prior experience and qualifications
• English ability equivalent to an IELTS score of 6.0 if English is not the first language.

Or, for the final year top-up:
You will need a BTEC Level 5 HND Diploma in Computing & Systems Development, or equivalent.

English ability equivalent to an IELTS score of 6.0.

Applications without these qualifications may be considered on their own merits, and you are encouraged to submit an application.

Why choose this course?
ncn has teamed up with distance learning experts RDI to offer a flexible and affordable way to study for a BSc (Hons) Computing degree*, with access to a student loan.

The BSc (Hons) Computing programme and the BSc (Hons) Computing (Top-up) are designed to enable you to undertake a rigorous study of current theories, techniques and issues, and acquire the practical skills that are essential within the rapidly changing environment of Computing.

About the course
The programmes have a focus on the use of Web technologies and particularly e-Commerce and online business systems.

You’ll study your degree by a blend of online distance learning and face-to-face monthly seminars, on-campus, with your tutor. With OnlinePlus you will have access to all the facilities at the college and can study your degree alongside your family or work.

The BSc (Hons) Computing comprises three stages:
six modules in Level 4; six modules in Level 5; and six modules in Level 6.

The BSc (Hons) Computing (Top-Up) comprises six modules in Level 6.

Core modules include:

Level 4
• Employability
• Professional Development & Study Skills
• Computer Technology
• Website Design; Information Systems in Organisations
• Database Design
• Software Engineering

Level 5
• Programming
• Systems Analysis & Design
• Database Implementation
• Data Communications
• Quality Systems in IT
• Advanced Website Development

Level 6
• Online Business Solutions
• Research Skills
• Current Trends in Networking
• Understanding Systems
• Management in IT
• Practical Project

Find out more: www.ncn.ac.uk/he
Assessment
You will undertake a range of assessments, including case study and scenario based assignments, examinations, website design, implementation and testing, group assignments as well as a Practical Project.

Your career and progression
On successful completion of the programme you will be awarded a BSc (Hons) Computing from a UK university, which may allow you entry to a level 7 qualification (ie, Postgraduate or Masters) in a similar discipline.

*Subject to demand and approval.
CHILDCARE, SOCIAL AND HEALTH SERVICES

• An excellent reputation for childcare with our own outstanding nursery provision

• One of the largest providers of Level 3 Teaching Assistant/Supporting Teaching and Learning qualifications in the East Midlands

• Important links with industry and childcare providers

• Courses developed with employers to ensure our students have the leading edge in the job market

• Great opportunities to network with fellow practitioners to share ideas and examples of good practice

• Experienced staff with first-hand experience of the industry

EARLY YEARS STUDIES FOUNDATION DEGREE

Duration
3 years part-time
A 2 year duration option is being planned subject to validation.

Campus
ncn Clarendon

Entry requirements
Normally you would be expected to have:
• a current and valid Level 3 Childcare/Early Years qualification (eg. NNEB, DCE, BTEC Diploma or Extended Diploma, NVQ Level 3) and a minimum of two years' recent work experience post-qualification in a relevant early years position

• preferably GCSEs in Maths and English at grade C, or have equivalent qualifications at Level 2, or be working towards them (if you wish to progress to teacher training you’ll also need a science at grade C)

You’ll be invited to an interview and asked for suitable references.

A statement of support and commitment from your employer/mentor stating that they will be able to meet the full range of roles and responsibilities in the workplace will also be needed.

Why choose this course?
This course is ideal if you’re currently working in the early years sector and wish to progress to work as a senior practitioner. The course is a flexible, work-based programme designed to allow you to continue to work while studying.

This sector-endorsed course is ideal to progress your career if you’re currently a childminder, teaching assistant, nursery nurse, nursery manager, or learning support assistant.

About the course
During the course you’ll need to work for at least ten hours per week in a childcare post, in either a voluntary or paid capacity.

You’ll study the following subjects:
• study skills and current initiatives
• personal development and professional practice
• play, children’s early learning and the curriculum
• anti-discriminatory practice

Assessment
Your work will be assessed on a continuous basis.

Your career and progression
In order to achieve career progression, posts within the sector increasingly require the post holder to be working towards, or hold, a qualification at Level 5 and above.

You could continue your studies to obtain Early Years Teacher status or a full degree, and then, if you wish, progress to a teacher training programme and achieve Qualified Teacher Status (QTS).
100% of graduates in employment or further study within six months of graduating.

SUPPORTING TEACHING AND LEARNING IN SCHOOL FOUNDATION DEGREE

Duration
3 years part-time
A 2 year duration option is being planned subject to validation.

Campus
ncn Clarendon

Entry requirements
Normally you would be expected to have:
• a current and valid Level 3 Childcare/Teaching Assistant/Supporting Teaching and Learning qualification
• a minimum of two years’ recent work experience, post-qualification, in a relevant position in a school

• you’ll preferably already hold GCSEs in Maths and English at grade C or above, or have equivalent qualifications at Level 2 or be working towards them (if you wish to progress to teacher training you’ll also need a science GCSE at grade C)

You’ll be invited to an interview and asked for suitable references.

A statement of support and commitment from your employer/mentor stating that they will be able to meet the full range of roles and responsibilities in the workplace will also be needed.

Why choose this course?
If you’re currently working in a school in Foundation Stage or Key Stage One or Two, this course will allow you to progress your career towards Qualified Teaching Status (QTS). During the course you’ll be able to relate assignments and study to the Key Stage(s) that you are working in.

About the course
This is a flexible, work-based, blended learning programme which makes use of our online learning system and incorporates evening and weekend delivery.

You could pursue Higher Level Teaching Assistant (HLTA) status whilst studying on the course.

You’ll need to work for at least ten hours per week in a suitable post, in either a voluntary or paid capacity.

We are one of the largest providers of Level 3 Teaching Assistant/Supporting Teaching and Learning qualifications in the East Midlands. This programme builds on the success of this outstanding provision. We have worked with local authorities in planning this course to ensure it is meeting the needs of practitioners who are involved in this changing role.

You’ll study the following subjects:
• study skills and current initiatives
• personal development and professional practice
• understanding and supporting literacy and numeracy skills
• anti-discriminatory practice
• assessment for learning
• development and wellbeing
• understanding and supporting science in the curriculum
• safeguarding children – child protection
• meeting individual needs
• managing behaviour
• working with parents and carers to support children
• educational concepts
• managing your professional role

Assessment
Each assessment will be related to your professional role. The programme will use a variety of assessment methods to ensure that you adequately cover each of the learning outcomes.

Your career and progression
You could continue your studies, if you wish, to obtain a BA (Hons) degree and then, if interested, progress on to a primary teacher training programme to achieve Qualified Teacher Status (QTS).

CARE LEADERSHIP AND MANAGEMENT (ENGLAND) HIGHER APPRENTICESHIP

Duration
18–20 months part-time

Campus
ncn Hucknall/workplace

Entry requirements
You’ll need to be:
• registered as a manager of a residential/
  non-residential adult social care setting

• working as a senior practitioner in an adult social care setting

• employed for a minimum of 30 hours a week

Why choose this course?
This course is ideal if you are currently working in the adult social care sector and are looking to progress your career to a management level.

About the course
The apprenticeship comprises:
• Leadership for Health and Social Care and Children and Young People’s Services Level 5 Diploma
  – a combined competence and knowledge qualification (covering adult social care pathways only)

• transferable skills in maths, English and information and communications technology (ICT)

• employment rights and responsibilities – provides the knowledge to equip you with an understanding of the health and social care sector and your role within it

• personal learning and thinking skills – identified as essential to life learning and work

Assessment
All programme modules are delivered and assessed through a combination of blended learning and work-based project activity.

Your career and progression
You could progress to a management position in adult social care, or you could move on to a degree in social work or social care.

Find out more: www.ncn.ac.uk/he
LEADERSHIP FOR HEALTH AND SOCIAL CARE AND CHILDREN AND YOUNG PEOPLE’S SERVICES QCF* LEVEL 5 DIPLOMA

Duration
Up to 18 months part-time

Campus
ncn Hucknall/workplace

Entry requirements
You’ll need to be:
• registered as a manager of a residential/non-residential setting
• working as a senior practitioner in health, social care or a children and young people setting

Why choose this course?
It’s ideal if you are currently working in the sector and are looking to progress your career and keep up to date with current legislation. It’s a great opportunity to share ideas and examples of good practice with your fellow practitioners.

About the course
You’ll have the opportunity to choose between six pathways:
• management of adult services
• management of adult residential services
• advanced practice in adult services
• management of children and young people’s services
• management of children and young people’s residential services
• advanced practice in children and young people’s services

This Level 5 course carries 80 QCF* credits and attendance at the workshops is optional.

Successful completion of the course will give you the knowledge, understanding and management skills you need to carry out good practice and review the organisational procedures of your workplace.

Assessment
Your work practice will be assessed and you’ll need to complete a portfolio.

Your career and progression
You could move on to a degree in social work or social care, or continue your career progression in the sector.

* Qualifications and Credit Framework.
CONSTRUCTION AND THE BUILT ENVIRONMENT

• The largest provider of construction training in the East Midlands with an excellent reputation amongst employers

• All our staff are industry professionals who understand the challenges of combining part-time study with full-time employment

• Partnership with eight of the largest construction employers in the UK

Funding for employers
The CITB grants scheme has been put in place to ensure the long-term growth and development of the industry. The scheme contributes towards the cost of training, recognised qualifications and development.

All employers who are registered with CITB are eligible to claim a grant. Grants are available to help with a range of areas from Apprenticeship support to training and development plans for the whole business.

For further details of the CITB grant, visit www.citb.co.uk or call 0300 456 5037.
CONSTRUCTION AND THE BUILT ENVIRONMENT
HNC/HND

Duration
1 year full-time (plus a further year to top up to an HND)
2 years part-time (plus a further year to top up to an HND)

Campus
ncn Basford Hall

Entry requirements
You’ll need one of the qualifications listed in the entry requirements section on page 22.

If you have a construction or building services-related craft qualification equivalent to NVQ Level 3 you are welcome to apply for a relevant pathway. You will need a BTEC Diploma or Extended Diploma in Civil Engineering or a BTEC Diploma in Construction to apply for the Civil Engineering pathway.

Part-time students should have employment within the relevant industry.

Why choose this course?
HNCs and HNDs are established qualifications that are well-respected by employers. Designed for people employed in the construction industry in the building, building services and civil engineering sectors and related professions as technicians, they are an ideal way to continue your training while working at the same time.

About the course
For the HNC in each pathway you’ll cover eight topics:

- **Civil Engineering**: design principles and application; science and materials; applied mathematics group project; site surveying procedures; engineering geology and soil mechanics; civil engineering technology; structural analysis and design

For the HND in each pathway you’ll cover the eight HNC topics plus the following:

- **Construction and the Built Environment**: applied mathematics; building services design, installation and maintenance; contractual procedures and procurement; economics; site surveying procedures; project design, implementation and evaluation; plus two further specialist units

- **Building Services Engineering**: management principles and application; project management; building management systems; applied mathematics for complex engineering problems; energy utilisation and efficiency; thermofluids and acoustic criteria; piped distribution services for non-domestic buildings; research project

- **Civil Engineering**: management principles and application; health, safety and welfare; project management; applied mathematics for complex engineering problems; hydraulic principles and applications; work-based experience; advanced civil engineering; research project

Assessment
Each unit is assessed via assignments, coursework and project work.

Your career and progression
You could progress to the final year of a foundation degree in construction management, building services engineering, or civil engineering, depending on your chosen pathway.

Or, you may wish to progress to the second year of a degree course in a construction-related discipline.

Find out more: www.ncn.ac.uk/he
Great advice and tutoring, I’m much more confident with my skills and knowledge.”

National Student Survey

Nick Williamson studied HND/HNC Construction in the Built Environment whilst working full time in the construction industry. Since completing his course he has progressed within his company to become a Building Surveyor.

“This is a position that I wanted to get to and was the reason I went on the course. It has prepared me for what I now do in my current role and it has enabled me to step up to the next level and given me the confidence and the tools to operate at a higher level.”

“Coming from a trade background, going back to college was a steep learning curve, but the areas I have studied have given me a clearer understanding of the new role I am doing, especially in areas such as health and safety.”

Nick Williamson
Former ncn student

BASFORD HALL CAMPUS

enquiries@ncn.ac.uk  Tel: 0115 9 100 100
CONSTRUCTION MANAGEMENT
HIGHER APPRENTICESHIP LEVEL 5

Duration
2 or 3 years part-time (flexible option available)

Campus
ncn Basford Hall

Entry requirements
You’ll need one of the following:
• one ‘A’ Level at ‘A2’ at grade C or two at grade E (80 UCAS points)
• BTEC Extended Diploma or Subsidiary Diploma
• Level 3 Advanced Apprenticeship

You’ll need to be employed in the construction industry, having completed an Advanced Apprenticeship, or be working at craft level and wanting to progress to an operations management role.

If you are a mature learner returning to the industry with appropriate qualifications or experience you are welcome to apply.

Why choose this course?
This new programme has been specifically designed for you if you’re progressing from an Advanced Apprenticeship in a craft area, or if you’ve got significant work experience in the industry and want to become a construction manager. It gives you the opportunity to gain a university-level qualification and is eligible for a grant from the CITB grants scheme (see page 50).

About the course
You’ll study a number of modules including:
• skills for work-based higher education
• construction technologies
• science and materials
• personal learning and thinking skills
• site surveying
• construction management
• law and contracts
• environmental technologies
• project management

Optional modules include:
• building services
• sustainable construction
• computer aided design (CAD)
• learning from professional courses
• facilities management for construction managers
• history of architecture
• advanced materials

Assessment
All programme modules are delivered and assessed through a combination of blended learning and work-based project activity.

Your career and progression
There is a clear and specific employer demand for successful apprentices. This work-based programme is built around the Foundation Degree in Professional Practice in Construction Operations Management which includes guaranteed progression opportunities to higher work-based qualifications such as our Construction Management Higher Apprenticeship Level 6 (see page 56).

*This programme is designed, assessed and quality assured by Middlesex University London subject to validation

Find out more: www.ncn.ac.uk/he
SUSTAINABLE BUILT ENVIRONMENT HIGHER APPRENTICESHIP LEVEL 5

Duration
3 years part-time

Campus
ncn Basford Hall

Entry requirements
You’ll need one of the following:
• one ‘A’ Level at ‘A2’ at grade C or two at grade E (80 UCAS points)
• BTEC Extended Diploma or Subsidiary Diploma
• Level 3 Advanced Apprenticeship

You’ll need to be working in the construction industry wanting to progress to a technician or management role. If you are a mature learner returning to the industry with appropriate qualifications or experience you are welcome to apply.

If you already have an HNC you should be able to complete the course in one year.

Why choose this course?
This new programme provides the vocational knowledge and skills necessary for a career in a variety of disciplines including architecture, building services engineering, civil engineering, construction management, maintenance, planning, surveying and more. It’s been specifically designed for you if you’re progressing from an Advanced Apprenticeship in a relevant area, or if you’ve got significant work experience in the industry and want to become a manager. It’s eligible for a grant from the CITB grants scheme (see page 50).

About the course
You’ll apply critical reasoning and analysis techniques to solve built environment and engineering problems using industry standards, appropriate codes of practice and work-based evidence.

You’ll study towards an NVQ Level 5 in Construction Management (Sustainability) and a Higher National Diploma in Construction and the Built Environment. You’ll specialise in one of three pathways: building services engineering; construction and the built environment; or civil engineering.

Assessment
Assessment will be related to work-based activities and will include project design, presentations, report writing, and research.

Your career and progression
There is a clear and specific employer demand for successful candidates from this programme.
CONSTRUCTION MANAGEMENT HIGHER APPRENTICESHIP LEVEL 6

Duration
1 year part-time (covering a full calendar year)

Campus
ncn Basford Hall

Entry requirements
You’ll need to be employed in the construction industry, having completed a Higher Apprenticeship or a Higher National Diploma in Construction, Civil Engineering or Building Services Engineering, and be wanting to progress to a professional role in the construction industry.

If you are a mature learner returning to the industry with appropriate qualifications or experience you are welcome to apply.

Why choose this course?
It provides a progression opportunity to gain an honours degree after completing a relevant Higher Apprenticeship.

About the course
You’ll study one of two pathways: construction management; or quantity surveying and commercial management.

Each pathway covers the following modules:
- professional development portfolio
- specialist negotiated work-based learning project:
  - managing cost awareness
  - managing standards
  - managing project delivery
- project proposal
- final specialist-negotiated work-based learning project

Assessment
All programme modules are delivered and assessed through a combination of blended learning and work-based project activity.

Your career and progression
On successful completion of this course you will be eligible to progress to a wide range of relevant postgraduate qualifications.

The BA (Hons) Degrees in Professional Practice have been designed to lead to professional body membership.

Professional Practice in Construction Site Management BA (Hons) Top-up
Subject to approval

Professional Practice in Quantity Surveying and Commercial Management BA (Hons) Top-up
Subject to approval

*This programme is designed, assessed and quality assured by Middlesex University London subject to validation
SITE MANAGEMENT SAFETY TRAINING SCHEME (SMSTS)

Duration
5 days part-time

Campus
Various

Entry requirements
This course is designed for site managers, agents and individuals who are, or are about to be, responsible for planning, organising, monitoring, controlling and administering groups of staff and workforce.

Why choose this course?
This highly regarded professional qualification will enable you to add to your existing skills portfolio and update your knowledge of health and safety legislation. The Construction Site Management Safety certificate (valid for five years) will be awarded on successful completion of the course including the compulsory final examination (80% pass grade).

About the course
This programme will enable site managers, agents and supervisors to:
• manage health and safety on site in accordance with current legal provisions, and within the context of their management or supervisory role
• develop an understanding of responsibilities and accountability for site health, safety and welfare
• recognise a safe site is efficient, economical and productive

Modules include:
• health and safety law
• construction activity legislation
• accidents
• risk assessment
• safety management
• management of contractors
• safe systems of work
• effective communication
• behavioural science
• planning

By the end of the course you will be aware of, and be able to: implement all health, safety, welfare and environmental legislation which affects you during your daily work; implement new guidance and industry best practice; and state your duties and responsibilities with regards to health, safety, welfare and the environment.

Training grant aid is provided in accordance with the current CITB grants scheme (see page 50).

Assessment
The course involves discussions, best practice sharing, syndicate exercises and case studies supplemented with video and classroom-based tutorials. You’ll be continuously assessed during the course in preparation for the final multiple choice examination.

Your career and progression
The SMSTS certificate is a prerequisite of most major contractors for anyone working as a manager on UK construction sites.
HOSPITALITY, TOURISM AND AVIATION

- Professional, commercial restaurant and brasserie serviced by students
- State-of-the-art food preparation and patisserie kitchens
- Excellent relationships with international employers including The Broadmoor Resort, Camp America, Disney World, Universal Studios, and USA country clubs
- Strong links with national operators including Swissair, Hilton Hotels, Jurys Inn, Michael Wisher Associates and Graffiti Events, as well as local independent operations including Hart’s Hotel and Nottingham Forest FC
- Opportunities within college and with national operators for managing events, taking over hospitality operations, shadowing key personnel, and meeting with industry experts
- Annual HE conference organised by top-up degree students, involving key speakers from industry

SERVICE SECTOR MANAGEMENT BA (HONS) TOP-UP
HOSPITALITY MANAGEMENT FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn City

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).

If you have a relevant NVQ Level 3 you are welcome to apply. Industry experience is an advantage.

Why choose this course?
It’s ideal if you’re currently working in the industry and want to progress your career in a management role or if you are looking to begin a career in the industry.

About the course
You’ll develop a broad range of skills and an understanding and appreciation of the hospitality industry. There is a strong practical approach to the course. You’ll study one of three pathways: culinary arts; events; or hotels, resorts and restaurants.

Year 1 core modules include:
• developing business skills
• business finance
• managing the service encounter
• entrepreneurship
• personal and professional development (including placement)

Pathway modules include:
Culinary arts:
• culinary operations

Events:
• operational events management (including running an event)

Hotels, resorts and restaurants:
• hotels, resorts and restaurant operations

Year 2 core modules include:
• legal environment
• managing research and information
• human resource management
• management techniques

Pathway modules include:
Culinary arts:
• gastronomy

Events:
• events production, design and management

Hotels, resorts and restaurants:
• hospitality management

If you choose to study this programme on a three-year part-time basis, you’ll study four modules per year.

All of the tutors have excellent, in-depth knowledge from working in the hospitality industry. A five-month industrial placement period gives you first-hand work experience. Our students visit a wide range of establishments throughout the world, or find their own placements closer to home.

There are opportunities to attend study tours abroad – most recently to Disneyland® Paris – as well as an annual calendar of local and national visits designed to enhance your studies.

Assessment
Each module is internally assessed through individual or group assignments, which can be practical, making use of local industry contacts. Assignments are industry-focused to develop the relevant skills of managing tasks and solving problems. Examinations take place in the second year.

Your career and progression
There is a wide range of career opportunities within the industry, or you could continue your studies with our BA (Hons) Service Sector Management Top-up Degree (see page 64), validated by Nottingham Trent University, or another top-up degree.

We have links with local, national and international companies such as Pine Brook Country Club, Boston, U.S.A; Fairmont Hotels, Canada; Landmark Hotel, London and BSG International Hospitality.

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).

If you have a relevant NVQ Level 3 you are welcome to apply.

Why choose this course?
It will help you if you are looking for a senior management role in aviation or tourism management. You’ll develop a broad range of skills and an understanding and appreciation of the tourism industry. There is a strong practical approach to the course.

About the course
You’ll study one of two pathways: aviation management and operations; or international tourism.

Year 1 core modules include:
• developing business skills
• business finance
• managing the service encounter
• entrepreneurship
• personal and professional development (including placement)

Pathway modules include:
Aviation management and operations:
• airport operations

International tourism:
• international travel and tourism development

Year 2 core modules include:
• legal environment
• managing research and information
• human resource management
• management techniques

Pathway modules include:
Aviation management and operations:
• management of the aviation environment

International tourism:
• responsible and cultural travel and tourism management

If you choose to study this programme on a three-year part-time basis, you’ll study four modules per year.

All of the tutors have excellent, in-depth knowledge from working in the tourism and aviation industry. A five-month industrial placement period gives you first-hand experience of the industry. Our students visit a wide range of establishments throughout the world, or find their own placements closer to home.

There are opportunities to attend study tours abroad – most recently to Disneyland® Paris and the French Alps – as well as local and national visits designed to enhance your studies.

Assessment
Each module is internally assessed through individual or group assignments, which can be practical, making use of local industry contacts. We have close links with national and international airports and airlines. Assignments are industry-focused to develop the relevant skills of managing tasks and solving problems. Examinations take place in the second year.

Your career and progression
There is a wide range of career opportunities within the industry, or you could continue your studies with our BA (Hons) Service Sector Management Top-up Degree (see page 64), validated by Nottingham Trent University, or another top-up degree.

We have links with local, national and international companies such as Swissport, Thomas Cook, Centerparcs, The National Trust and Nottingham City Council.

SERVICE SECTOR MANAGEMENT BA (HONS) TOP-UP DEGREE

Duration
1 year full-time
2 years part-time

Campus
ncn City

Entry requirements
See entry requirements section on page 22.

You should have relevant industrial experience or if you are a mature student with significant professional experience and a higher level qualification you are welcome to apply.

Why choose this course?
The service sector is fiercely competitive at management level. The main aim of this programme is to enhance your management skills and understanding of the importance of effective business management within the sector. It’s been developed to meet the needs of students who have already gained a foundation degree, HND, HCIMA diploma, or other similar qualification and wish to continue their studies to degree level.

About the course
In the context of this programme, service sector management includes: hospitality management; travel, tourism and leisure management; events management; aviation management; and licensed retail management.

The course will allow you to study organisations, their management and the changing external environment in which they operate, as well as preparing you for a career in service sector management.

Year 1 core modules include:
• exploring business skills and research
• human resource management in the service sector
• marketing strategy for services
• contemporary issues
• strategic business environment
• dissertation
• project, programme and portfolio management

You’ll have the opportunity to attend a variety of local and national visits. You’ll also participate in a business conference.

Assessment
The course is assessed via individual and group assignments, group presentations, research assignments and examinations.

An individual dissertation is an essential part of the course.

Your career and progression
You may progress on to management positions and graduate management opportunities in a wide range of service sector industries. Our graduates have gone on to work with employers such as Finesse Hotels Group, Hart’s Hotel and Restaurant, Eden Spa, Devere Hotel Group, Nottingham City Council and Barclays Bank.

Alternatively, you may wish to pursue further study with a postgraduate or teacher training qualification.

Find out more: www.ncn.ac.uk/he
Joshua Grimshaw studied BA (Hons) Service Sector Management after completing his FdA, and he is currently Assistant Manager at Hart’s Hotel and Restaurant here in Nottingham.

“I worked at the hotel as a waiter throughout my studies. As my course progressed, rather than just learning about hospitality management, I could directly apply it to my work. My change in work ethic greatly impressed my employers, which really helped me to progress quickly.

“My advice to students is that they should spend time getting to know their tutors, because their experience will be a helpful asset to both coursework and future work.”

Joshua Grimshaw
Former ncn student

“This course is fantastic. Your best interests are definitely at heart amongst the lecturers.”

National Student Survey
MEDIA, FILM AND DIGITAL TECHNOLOGIES

- Three-camera television studio and video production equipment with digital non-linear editing suites
- Members of the Nottingham Skillset Media Academy
- Participation in national competitions and exhibitions such as New Designers and the Royal Television Society Awards
- Industry-experienced staff and software including CS6 Master Collection

In Development

At the time of going to print we are in the process of developing a foundation degree in Games Design.

DIGITAL MEDIA DESIGN BA (HONS) TOP-UP
**APPLIED PHOTOGRAPHY FOUNDATION DEGREE**

**Duration**
2 years full-time

**Campus**
ncn City

**Entry requirements**
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).

You may be invited to an interview.

**Why choose this course?**
This course has been developed in consultation with professionals in the photographic industry, and will give you the opportunity to become involved in applying photographic skills to exciting practical projects, including professional and external commissions, live industry briefs, and national and international competitions.

You’ll be frequently working on location, as well as using our photographic studios in order to get hands-on experience of applied photography.

You’ll gain confidence as a professional photographer, working with increasing autonomy and independence.

You will achieve a strong understanding of photographic theory as well as image making techniques and employment opportunities.

**About the course**
The course covers photographic theory, practice, and critical texts throughout the course.

**Year 1** you’ll study core photography skills and practices that will help you understand how photography can be applied to a range of employments. You’ll produce content across a range of applications, such as portrait studio work, location photography, photojournalism, fashion photography, scientific and forensic, creative and design, advertising, and sports.

**Year 2** focuses on photographic practices that specifically interest you, and create a range of work relevant to areas of professional applied photography. You’ll focus on guided industry modules, leading towards a final project which you’ll be able to exhibit in the final end of year show.

**Core modules in Year 1 include:**
- photography theory and practice
- photographic practices
- professional project
- studio project
- visual communications in applied photography

**Core modules in Year 2 include:**
- advanced digital photography
- applied photographic techniques
- portfolio development
- professional practice
- research and work based practice

**Assessment**
Assessments take place at the end of each semester and will be based on your submitted project work, as well as your research and online workbook.

**Your career and progression**
After the course you can expect to pursue a career in your chosen area of the photographic industry, including studio portraiture, wedding photography, PR and communications, photojournalism, scientific photography, forensics, architectural, advertising, design, sports, wildlife and the natural sciences.

We offer a BA (Hons) Digital Media Design Top-up Degree (see page 78), validated by Nottingham Trent University, which allows you to specialise further. There are also other top-up degrees available here and throughout the country.

Find out more: [www.ncn.ac.uk/he](http://www.ncn.ac.uk/he)
UCAS code: W548

There are more than 500 people employed as photographers and audio-visual and broadcasting equipment operators in Nottingham, with an average salary of £19k a year.*

* Data from Economic Modelling Specialists International (EMSI)
FILM AND TELEVISION PRODUCTION FOUNDATION DEGREE

Duration
2 years full-time

Campus
ncn City

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).

You may be invited to an interview.

Why choose this course?
It’s been developed in consultation with members of the local creative sector to give you the up-to-date skills demanded by current media employers.

You’ll become involved in national competitions, live briefs for employers and independent film productions within an award-winning department. You’ll be using our television production studio and working on live events at a number of key venues.

You’ll have the opportunity to learn about the practical craft of filmmaking.

About the course
In Year 1 you’ll gain a number of practical skills including, camera techniques, lighting, sound, editing and scriptwriting.

By Year 2 you’ll be able to specialise in your chosen area: film; or television. Both years are supported with appropriate theories of media and culture, and Western cinematography.

You’ll work from a range of briefs set by industry partners, in co-operation with staff, in preparation for your career.

Your second year ends with two substantial productions, which are either a short film (digitally shot), or a series of multi-camera television programmes.

Year 1 core modules include:
• pre-production and planning
• camera and lighting workshop
• sound for film and television
• film and television studies
• the cutting room
• scriptwriting for film and television

Year 2 core modules include:
• documentary production
• drama production
• media law

Year 2 core modules include:
• professional portfolio
• post-production and VFX

Pathway modules include:
Film:
• movements in cinema
• music video production
• short film

Television:
• television industries
• corporate video production
• multicam and live production

Assessment
Assessments take place at the end of each semester.

Your career and progression
After the course you can expect to find work in specialist areas within film or television production including camera operator, editor, producer and director of photography.

Our annual end of year show is an ideal opportunity to showcase your work to talent scouts from the industry.

We offer a BA (Hons) Digital Media Design Top-up Degree (see page 78), validated by Nottingham Trent University, which allows you to specialise further and develop your enterprise and entrepreneurial skills. There are also other top-up degrees available here and throughout the country.
JOURNALISM FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn City

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).
You may be invited to an interview.

Why choose this course?
It’s been developed in consultation with media industry experts and gives you the chance to become involved in community projects, external commissions, live briefs, and competitions.

You’ll be using our television production studio, edit suites and multi-studio radio station to get hands-on experience. You’ll gain confidence as an industry professional, work with increasing autonomy and independence, and gain an insight into media cultures and employment opportunities.

About the course
You’ll cover journalism theory, practice, and critical texts throughout the course. In Year 1, you’ll study core production skills and practices for a range of generic journalistic approaches. You’ll produce content across a range of media, such as video, audio, still image, online and text.

In Year 2 you’ll focus on specific media journalism formats, and create a range of products relevant to various areas of news and journalism practice. You’ll focus on guided industry modules within media, photojournalism and documentary, leading towards a final major journalism project for exhibition in the final year show.

Year 1 core modules include:
• foundation journalism studies
• foundation video
• foundation audio
• foundation photojournalism
• prints and journals
• future-casting

Year 2 core modules include:
• online journalism
• current affairs documentary
• media investigation
• final major project

If you choose to study this programme on a three-year part-time basis, we’ll arrange an appropriate study plan for you.

Assessment
Assessments take place at the end of each semester and will be based on your productions, as well as your pre-production research and paperwork.

Your career and progression
After the course you can expect to pursue a career in any area of the communications industry, including traditional journalism platforms as well as social media, search engine-optimisation, public relations and a range of other digital media jobs.

We offer a BA (Hons) Digital Media Design Top-up Degree (see page 78), validated by Nottingham Trent University, which allows you to specialise further. There are also other top-up degrees available here and throughout the country.

We have great links with local, national and international companies who regularly look for graduates to join their organisations. Our annual end of year show is an ideal opportunity to showcase your work to talent scouts from the industry.

3 years part-time

Campus
ncn City

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).

You may be invited to an interview.

Why choose this course?
It’s a lively, practical, hands-on course designed to enable you to develop the skills and knowledge you need to work at the cutting edge of the fast moving multimedia industry.

With a range of pathways for you to choose from it lets you explore the areas of the multimedia industry that you would really like to pursue in your career.

About the course
You’ll study one of five pathways: animation and motion graphics; applications development; game arts design; multimedia design; or web design.

You’ll encounter new ideas and attitudes and gain a breadth of practical experience that will help you build a professional portfolio of work to take with you into the commercial world.

You’ll be encouraged to develop your individual creative ability and own ways of working, and support this with the development of a high level of technical skills.

There will be many opportunities for you to gain commercial experience through involvement with client briefs and professional work. You’ll work on your own design brief which will be part of an end of year show.

Core modules include:
• graphic design and illustration
• animation and games design
• web design and delivery
• interactive multimedia applications
• visual culture
• sound and moving image
• professional practice

Pathway modules include:
• studio practice in your chosen area
• final major project in your chosen area

If you choose to study this programme on a three-year part-time basis, we’ll arrange an appropriate study plan for you.

The course includes live briefs, overseas field trips, the chance to work in industry and the opportunity to meet guest speakers from the private sector.

Assessment
You’ll be continually assessed through project work.

Your career and progression
After the course you can expect to find work in specialist areas such as: graphic design, animation and games design, web design and interactive multimedia applications. You could progress to the final stages of a related honours degree or on to our BA (Hons) Digital Media Design Top-up Degree (see page 78), awarded by Nottingham Trent University.

We have links with local, national and international companies who look for graduates to join their organisations. Our annual end of year show is the ideal opportunity to showcase your work to talent scouts from the industry.

DIGITAL MEDIA DESIGN BA (HONS) TOP-UP DEGREE

Duration
1 year full-time
2 years part-time

Campus
ncn City

Entry requirements
See entry requirements section on page 22 – these qualifications should be in a media, multimedia, graphic design or 3D design-related area.

You’ll be invited to an interview and present a portfolio/showreel/demo tape of evidence in support of your application.

Why choose this course?
The course has a strong focus on business and enterprise and will lay the foundations for your career.

You’ll develop business skills such as pitching creative ideas and sourcing funding opportunities, and produce material of a professional standard that demonstrates your ability to succeed in a fast-paced dynamic industry.

About the course
Project work takes place on an individual basis, and later through group assignments for an end of year show in London. Practical production elements are delivered during seminars, with access to superb workshop facilities and technical support. The course has strong links with the UK’s creative industry that generates live briefs.

You’ll have the opportunity to specialise in one area of production including:

- 3D
- graphics
- web design
- digital imaging
- post-production
- video production
- radio production
- project management

This course is delivered through a comprehensive lecture programme, skills workshops, studio seminars, individual critique, group work, and one-to-one tutorials.

Modules include:
- dissertation
- professional practice
- production specialist skills
- independent study
- final presentation

You’ll showcase your work in a professional and public exhibition. Industry professionals act as mentors on live projects and you will meet guest speakers as a regular feature of the course.

The course is part of the Nottingham Media Skillset Academy and the National Skills Academy (Creative and Cultural).

Assessment
You’ll be continually assessed through coursework and will also need to submit a written dissertation.

Your career and progression
Students have found work locally with broadcasters such as Trent Sound and Mansfield FM, and nationally with Ideal World Television and Portland TV. Interactive employment has been gained with Boots PLC, Mazuma Mobile and Peppermint Technology.
After studying a Foundation Degree in Broadcast Media at ncn, Olivia moved on to study a BA (Hons) in Digital Media Design. Since graduating, she has worked on various projects, these include Dave’s Comedy Festival and the X Factor. Olivia is now working for a film production company in Leicester.

She says: “I went to look around the college and it immediately seemed the right fit for me! I just liked the feel of the place.

“Pretty much every aspect of the course prepared me for a career. It taught me the skills to complete tasks to a high standard. The course improved my confidence and made me more independent, which in turn, has spurred me on to go for opportunities that I wouldn't have gone for 3 years ago.

“The course exceeded my expectations, as the teaching and mentoring I had meant that I was able to achieve a First; something which I honestly thought was unachievable. It just shows that if you work hard and have the right support, you can achieve anything!”

Olivia Tilley
Former ncn student

“We used innovative new methods on the course.”

CREATIVE MUSIC TECHNOLOGY FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn Clarendon

Entry requirements
You’ll need between 120 and 240 UCAS points and GCSE English and Maths at Grade C or above, or equivalent Level 2 qualifications (see entry requirements section on page 22).

You’ll be invited to an interview and audition.

Why choose this course?
There’s a strong focus on entrepreneurial, enterprise and practical skills which will prepare you for employment in the music industry as a music producer, performer, songwriter, recording engineer, sound designer, composer and/or live sound technician.

You’ll be inspired and challenged to create professional musical products and performances in a supportive and stimulating atmosphere.

About the course
This is a forward-looking, innovative course that will allow you to experience a broad range of music technology platforms and a wide range of music production techniques, including multi-track recording, production skills, studio design, and microphone and mixing techniques taught in professional recording facilities.

It’s an exciting opportunity to develop a professional career in the music industry, combining practical skills in production, engineering, composition and performance with business awareness and professional practice.

You’ll apply music technology innovatively in performance settings using the latest cutting edge hands-on audio technology and visual VJ techniques. Sound design techniques, synthesis, sampling, audio manipulation techniques and the creative use of effects are all explored.

Year 1 modules include:
• creative technology
• recording studio
• live sound
• sound design
• music business and event management
• electronic music and performance, or band production

Year 2 modules include:
• technology product realisation
• audio production
• music and sound for multimedia
• industry practice

You’ll have access to: three digital recording studios (on campus) running ProTools HD systems; a Mac/Logic/Ableton Live computer suite; a PC/Cubase music suite; a post-production suite; a keyboard lab; and six purpose-built practice rooms.

Assessment
You’ll be continuously assessed throughout the course. There are no examinations.

Your career and progression
The course places a strong emphasis on the development of entrepreneurial skills designed to enable you to work confidently on a self-employed basis. Self-employment skills on the course are designed to prepare our graduates to set up their own businesses. Others may decide to progress on to our BA (Hons) Music and Creative Music Technology Top-up Degree (see page 88) or pursue a career in a wide range of areas in the industry.
“The resources were great and I was able to access exactly what I needed.”

National Student Survey
MUSIC PERFORMANCE FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn Clarendon

Entry requirements
You will need between 160 and 240 UCAS points and ABRSM Level 3/4 and GCSE English and Maths at Grade C or above, or equivalent Level 2 qualifications (see entry requirements section on page 22).

You’ll be invited to an interview and audition.

Why choose this course?
Alongside fostering deeper knowledge and understanding of music, this course is designed to develop the entrepreneurial and practical skills you need to work as a freelance musician, teacher, performer or session musician.

You’ll be viewed as a practicing professional from the start of the programme and encouraged to build on your own interests to create music, performances and experiences that will form the foundations of your career in music.

About the course
Year 1 involves playing in bands, creating and rehearsing music and performing a variety of gigs.

Musicianship and employability will be developed through the practice and improvement of industry-relevant skills such as music theory, score writing and improvisation. You’ll create promotional materials for your band and yourself, before marketing and promoting your gigs, recordings, and own career through social networking and the wider media.

Year 1 modules include:
• band work
• musicianship
• the working musician
• music business and event management
• musical direction
• study of popular music and other genres

Year 2 modules include:
• band work
• product realisation
• the working musician
• study of popular music and other genres

You’ll have access to: three digital recording studios (on campus) running ProTools HD systems; a Mac/Logic/Ableton Live computer suite; a post-production suite; a keyboard lab; and six purpose-built practice rooms.

During the course, you’ll have the opportunity to attend industry-relevant events such as creative music performances and visits to the College by guest speakers.

Assessment
You’ll be continuously assessed throughout the course. There are no examinations.

Your career and progression
The course places a strong emphasis on the development of entrepreneurial skills designed to enable you confidently enter the industry.

Alternatively, you may decide to progress on to our BA (Hons) Music and Creative Music Technology Top-up Degree (see page 88). Many of our Music graduates are now successful recording artists.

Find out more: www.ncn.ac.uk/he
“The lecturers are fantastic. I’ve never experienced anything better.”

National Student Survey
THEATRE ARTS FOUNDATION DEGREE

Duration
2 years full-time

Campus
ncn Clarendon

Entry requirements
You’ll need between 120 and 240 UCAS points (see entry requirements section on page 22).

You’ll be invited to an interview and audition.

Why choose this course?
It’s perfect preparation for a career in the performing arts sector, allowing you to gain professional knowledge, skills and experience in your chosen specialist pathway of acting, dance or technical theatre.

About the course
This course is practical and allows for a mixture of skills-based class work and projects. You’ll cover a number of topics relevant to your chosen pathway, such as:

Acting: voice; physical theatre; devising and directing

Dance: contemporary dance techniques; ballet; somatic practice; choreography

Technical theatre: set design; stage management; lighting design and sound design; production

You’ll have the opportunity to collaborate with students from other performing arts disciplines on various productions and on study visits abroad.

Year 1 modules include:
- process and production
- contextual studies
- specialist skills
- creating/staging performance
- facilitation

Year 2 modules include:
- production company
- applied specialisms
- industry practice/work-based learning
- developing the practitioner
- contextual studies

We have close links with local arts organisations including Dance4, Nottingham Playhouse, Hatch, Roundabout TIE Company and Dragon’s Breath Theatre Company.

Our facilities for performing arts are excellent and are used by practitioners across the East Midlands – you’ll have access to state-of-the-art equipment for sound and lighting, well-equipped workshops and dance studios, and sound and film editing resources.

The course is delivered by tutors who have worked as professional actors, dancers and designers with strong academic backgrounds. Throughout the course you’ll work with professional practitioners.

Assessment
Continuous assessment is through joint projects and individual assignments. There are no examinations.

Your career and progression
Previous students have moved directly into industry as: workshop leaders for disability arts organisations; community artists; youth theatre directors; arts development workers; designers and stage managers or technicians; and performers.

Alternatively, you may wish to progress on to our BA (Hons) Theatre Arts Top-up Degree (see page 90), validated by Nottingham Trent University, or the second or third year of a theatre arts degree at another institution.
Jessica Royce studied FdA Dance before taking on a position at a regional dance agency, Dance 4. Since completing her foundation degree she has worked as a freelance choreographer, a singing teacher, and worked on projects such as the national U Dance Festival 2014.

“During my time at ncn I learnt so much, not only technically, but also choreography, production and performance. I was taught by very knowledgeable and experienced tutors who helped me develop as a dancer during my course. I now teach dance and do freelance choreography and over the past 18 months I have been with regional dance agency Dance4 on many exciting projects including an inclusive dance programme with young dancers with disabilities.

“The course has helped me progress in dance as it taught me personal determination, being prepared for anything and being prepared to work hard. I’m glad that I went back into higher education because it has put me on the right path to further my desired career.”

Jessica Royce
Former ncn student

Georgia Morris studied the Foundation Degree in Theatre Arts (Dance) here at ncn. After graduating from the course, she progressed on to a joint honours degree in Dance at the University of Derby, and is now hoping to progress to a master’s course in Dance Movement Psychotherapy on completion of her degree.

“The course at ncn provided me with a huge range of different opportunities over the two years and definitely met my expectations, especially in choreography. The skills that I gained as an individual have proven very useful towards my continued studies and the experience I gained on the FdA has been vital in helping me achieve good grades and an appropriate attitude towards work in my top-up year.

“My advice would be to take up all the opportunities that are offered to you throughout your course, as they will strengthen you as an individual, and you will always learn something new.”

Georgia Morris
Former ncn student

MUSIC AND CREATIVE MUSIC TECHNOLOGY
BA (HONS) TOP-UP DEGREE

Duration
1 year full-time
2 years part-time

Campus
ncn Clarendon

Entry requirements
See entry requirements section on page 22.

If you have a higher education level award in another field of study and relevant industrial experience you are welcome to apply.

You will be invited to an interview and audition.

Why choose this course?
It is one of only a handful of programmes in the country that will allow you to progress from your HND or Foundation Degree to a full BA (Hons) degree.

With access to great facilities and performance spaces, you will fully explore and develop your musical skills and creativity.

About the course
It introduces and develops practical skills, theoretical knowledge, modes of thought and academic practice. You will investigate the evolving demands of the music industry and look at the development of professional practice through the exploration of traditional and contemporary musical models.

You will develop your academic knowledge alongside your subject-based skills, producing a final product which may be a performance, installation or other medium that explores the use of music.

You will also gain specific vocational skills, with the option of following modules in either musical direction or music technology system design.

Modules include:
• academic research skills
• contemporary issues in music
• music technology system design or musical direction
• modern composition
• product realisation
• dissertation
• marketing and self-promotion

The course takes account of the variety of activities common within the music and creative industries and this is reflected in the range of group and individual activities with increased independence being given as the course progresses. The course would suit both performing musicians and music technologists.

Assessment
You’ll be assessed through written assignments and practical and creative coursework.

Your career and progression
At the end of the course you will be prepared for a demanding career in the music industry. You could move into a range of areas including working as a musician, composer, teacher, producer, manager or engineer.

Find out more:
www.ncn.ac.uk/he

OUR MUSIC ACADEMY IS SPONSORED BY ROLAND

“I have been able to explore new ideas as well as broaden my existing knowledge of my subject.”

National Student Survey
THEATRE ARTS BA (HONS) TOP-UP DEGREE

Duration
1 year full-time
2 years part-time

Campus
ncn Clarendon

Entry requirements
See entry requirements section on page 22. These qualifications should be in dance, acting, performance, technical theatre or theatre.

If you have a higher education level award in another field of study and relevant industrial experience you are welcome to apply.

You’ll be invited to an interview and audition and asked to submit an example of academic writing.

Why choose this course?
It’s dedicated to helping you to develop as an independent practitioner in the industry, and is excellent preparation for a teaching career in the subject.

You’ll develop your practice in a chosen specialist area (acting, dance or technical theatre) in collaboration with different disciplines and work with professional practitioners whilst developing your own work.

About the course
Modules have at their core the practical work that helps you explore the nature of performance, and nurtures your growth as a creative artist.

You’ll be given an overview of the theatre arts industry and be supported to operate effectively within it. You’ll develop an understanding of the industry in a broader economic, political, social and technological context. This course is delivered by practitioners with strong academic backgrounds.

Modules include:
• academic research skills
• performance practice
• practice as research
• industry practice

We have close links with local arts organisations such as Dance4, Nottingham Playhouse, Hatch, Roundabout TIE Company and Dragon’s Breath Theatre Company. This leads to quality work experience opportunities in performance, facilitation and production support.

You’ll be expected to attend a subsidised international residency for a week during the course. In previous years the students have visited Budapest, New York, Lisbon, Barcelona, Prague and Madrid.

Assessment
You’ll be assessed through written assignments and practical and creative coursework.

Your career and progression
You may progress directly into the industry or undertake further study at postgraduate level.

The qualification is an excellent route towards Qualified Teacher Status (QTS), providing an adequate combination of practical experience and academic study to progress on to a Postgraduate Certificate in Education (PGCE).

Company12
Our dynamic learning company provides a unique opportunity to gain skills in performance and arts administration. Graduates and BA students work alongside professional artists and respond to live briefs to create innovative new dance work. As part of the Company12 experience, students are also supported through their teaching qualifications at the end of the year, bridging the gap between education and a professional career in dance.

The company is supported by professional patrons including regional dance agency Dance4, and leading choreographers Jem Treays and Glen Graham.

Find out more: www.ncn.ac.uk/he
Niall Hickey studied FdA Theatre Arts (Technical Theatre) and has progressed onto our BA (Hons) course.

“I am currently studying in my final year on the BA(Hons) top up degree in Theatre Arts specialising in technical theatre. I am also volunteering in a secondary school because once I finish my BA I hope to become a teacher.

“The course really helped me with the technical aspect of theatre arts. It has broadened my mind and taught me many useful skills needed for the industry. This has made me more confident in myself and able to tackle situations I normally wouldn't have done before coming to ncn.

“Working in theatre gave me the opportunity to meet so many new people. My advice to new students would be to take as many opportunities as you can while you are at college and absorb as much information as possible.”

Niall Hickey
ncn student
• Fellow students already working in educational settings bring a wealth of experience to the classroom

• Opportunities to specialise in your area of interest, for example literacy, numeracy and ESOL

• Subject mentors offer excellent support and a good deal of experience in their individual specialisms to help you make the most of your time here

• Opportunities to move your career in a new direction through short part-time courses

At the time of going to print we are in the process of developing a BA (Hons) in Education and BA (Hons) Education Management. Please contact us on 0115 9 100 100 or check out our website www.ncn.ac.uk/he for further details.

TEACHING AND LEARNING FOUNDATION DEGREE

Duration
2 years full-time
3 years part-time

Campus
ncn Hucknall

Entry requirements
You’ll need between 120 and 240 UCAS points and GCSE maths and English at Level 2 A*–C grades (see entry requirements section on page 22).

If you have a Level 5 teaching qualification (ie. Diploma in Teaching in the Lifelong Learning Sector (DTLLS), Certificate in Education or Professional Graduate Certificate in Education (ProfGCE)) you can apply for direct entry onto Year 2 of the course.

You’ll be invited to an interview.

Why choose this course?
The field of education is ever changing and opportunities arise within it for an appropriately qualified workforce who can deliver specialist training.

This course allows you to develop generic skills in teaching and learning as well as providing an opportunity for specialising in either educational management, special educational needs, or working with the 14–19 age range.

About the course
The course follows a blended-learning approach.

Core modules include:
• supporting literacy, numeracy and ICT across the curriculum
• assessment for learning
• inclusive practice
• personal development and professional practice
• understanding and managing behaviour
• teaching and learning strategies
• professional practice
• innovation in teaching and learning methods

Additional modules include:

Educational management:
• key management functions and roles
• key qualities and skills within the management role
• leadership
• organisational structures and the management role

Special educational needs:
• educational provision and ongoing development for special educational needs
• techniques and strategies for managing the learning of those with special educational needs
• specific learning disabilities and difficulties (autism, ADHD)
• specific learning disabilities and difficulties (dyslexia and dyscalculia)

Working with the 14–19 age range:
• educational provision and ongoing development of 14–19 year-olds
• learning and emotional needs of 14–19 year-olds
• techniques and strategies for managing the learning of 14–19 year-olds
• theories and principles of learning in planning, enabling and assessing learning of 14–19 year-olds

Assessment
Each module is internally assessed through individual or group assignments, which can be practical, making use of current educational thinking.

Assignments are sector-focused, eg. lifelong learning, compulsory education, to develop the relevant skills of analysis and evaluation.

Your career and progression
You could continue into a generic BA (Hons) education degree or a specialist top-up degree.

ADVICE AND GUIDANCE OCR* DIPLOMA LEVEL 3/4

Duration
1 year part-time

Campus
ncn Hucknall

Entry requirements
You’ll need to be employed as an experienced practitioner with a supervisory element to your role and be working in an advice/guidance role in an organisation, advising clients on options for education, training and work.

Why choose this course?
It will help you progress in your career in an advice and guidance role and it’s a great opportunity to share ideas and examples of good practice with your fellow practitioners.

About the course
The course consists of the following units:
• ethics and equality
• interview techniques
• introduction to theories
• client relationships
• referral decision-making
• action planning
• reviewing

Assessment
You’ll be assessed through a portfolio of evidence including observation of practice, case studies and underpinning knowledge.

Tutorial support is arranged at your own convenience to help with portfolio building.

Your career and progression
You could progress to a career in customer service management, careers guidance management or counselling, or alternatively pursue further studies.

* Oxford Cambridge and RSA Examinations.

Find out more: www.ncn.ac.uk/he
CAMBRIDGE ENGLISH CERTIFICATE IN ENGLISH LANGUAGE TEACHING TO ADULTS (CELTA)

Duration
5 weeks full-time intensive
15 weeks part-time face-to-face
15 weeks part-time online blended-learning

Campus
ncn City

Entry requirements
You’ll need:
• at least two A Levels or equivalent
• a good level of language awareness, a sound grasp of grammatical terminology and a competence in both spoken and written English
• the potential to develop the necessary skills to become an effective teacher and successfully complete the written assignments and the assessment of teaching practice

For further information, email: CELTA@ncn.ac.uk

Why choose this course?
It’s designed as an initial training course for those with little or no experience of teaching languages and those with experience who need a qualification to progress their career.

CELTA enables you to teach EFL (English as a Foreign Language)/ESOL (English for Speakers of Other Languages) both in the UK and abroad.

About the course
The CELTA course is Level 5 (intermediate) of the Framework of Higher Education Qualifications (FHEQ) and Level 5 of the National Qualifications Framework (NQF).

You’ll specifically be helped to develop:
• an awareness of language and a knowledge of the English language, and to apply these professionally
• familiarity with the principles and practice of effective teaching to adult learners of English
• basic skills and techniques for teaching adults in the language classroom
• familiarity with appropriate resources and materials for use with adult learners of English

Assessment
You’ll be assessed continuously through teaching practice performance, participation in lesson feedback and input sessions, and written assignments.

Your career and progression
You could progress on to study the UCLES Diploma in English Language Teaching to Adults (DELTA) or the Diploma in Education and Training (DET, previously known as DTLLS).

This course has an excellent pass rate and employability record.

* University of Cambridge Local Examinations Syndicate

enquiries@ncn.ac.uk  Tel: 0115 9 100 100
CERTIFICATE IN EDUCATION AND TRAINING (CET) LEVEL 4 (PREVIOUSLY KNOWN AS CTLLS)

Duration
32 weeks

Campus
ncn Hucknall

Entry requirements
You’ll need:
• a qualification in English and maths at Level 2 or above

• at least 30 hours of teaching and be qualified to Level 3 or above in the subject you are teaching and access to a subject specialist mentor at your place of work

You will be invited to an interview and will need a satisfactory CRB/DBS check and references.

Why choose this course?
It’s designed for those that teach on a one-to-one basis or deliver pre-prepared lessons to groups and can lead to the associate teacher in Learning and Skills (ATLS) status.

It is also suitable for those who work or wish to work as teachers in adult community education; teachers/trainers in the voluntary sector; and training personnel in commerce, industry, the public sector or HM forces.

About the course
You’ll develop skills to enable you to refine and improve your teaching and learning as well as use constructive reflection in order to enhance your continuing professional development.

You’ll cover the following topics:
• the role of the teacher
• teaching and learning approaches
• meeting learners’ individual needs
• lesson planning and lesson evaluation
• observed practice
• classroom management, motivation, communication and feedback

The course is designed to enable you to adopt an integrated approach to the theory and practice of teaching; reflect on your own previous/current levels of experience, practice, skills and areas for development; identify principles of learning, teaching, assessment and evaluation; and develop an awareness of your professional role.

Assessment
You’ll be assessed continuously over the course. Each module is assessed by assignments which include: reports; projects; essays; and case studies. You’ll also produce a professional development portfolio which focuses on teaching practice and involves lesson observations.

Your career and progression
If you continue to a full teaching role you could progress to the Diploma in Education and Training Level 5 (see opposite page).

Find out more: www.ncn.ac.uk/he
DIPLOMA IN EDUCATION AND TRAINING (DET) LEVEL 5 (PREVIOUSLY KNOWN AS DTLLS)

**Duration**
2 years part-time

**Campus**
ncn Hucknall

**Entry requirements**
You’ll need a Level 3 qualification or above, in a subject appropriate to the area you teach, plus GCSE A*-C grades (or equivalent qualifications) in English and Maths.

You should already be employed as a teacher in the FE and Skills sector with sufficient class contact time (50 hours minimum each year), although this can be voluntary.

You’ll be invited to an interview and will need a satisfactory CRB/DBS check, and references.

**Why choose this course?**
It’s designed for full and part-time teachers who hold a full teaching role. You’ll have the opportunity to gain a nationally recognised full teaching award and work towards qualified teacher status in lifelong learning (QTLS).

**About the course**
You’ll develop skills to enable you to refine and improve your teaching and learning as well as use constructive reflection in order to enhance your continuing professional development.

The course covers a number of topics over the two years including:
- identifying and supporting individual student needs
- learning theories
- economic and political influences in the lifelong learning sector
- curriculum design
- behaviour management
- reflective thinking
- effective assessment

You could start the course in September or January.

**Assessment**
You’ll be assessed continuously over the two years. Each module is assessed by assignments which include: reports; projects; essays; and case studies. You’ll also produce a professional development portfolio which focuses on teaching practice and involves lesson observations.

The second year is delivered in a more blended approach with a mix of classroom attendance and online work.

**Your career and progression**
DET qualifies you to teach in the lifelong learning sector and gives individuals an opportunity to apply for QTLS status through the Education and Training Foundation.

A person with QTLS status and membership of the Education and Training Foundation will automatically be recognised as a qualified teacher in schools. You could also progress to a BA (Hons) or master’s degree in education.
INTERNATIONAL QUALITY ASSURANCE AWARD
OCR* LEVEL 4 (PREVIOUSLY KNOWN AS V1)

Duration
4 weeks part-time

Campus
ncn Hucknall

Entry requirements
You’ll need:
• to be managing and monitoring a minimum of two assessors who are assessing a minimum of two candidates each undertaking an awarding organisation (QCF)† accredited qualification

• access to a qualified internal verifier (IV) in own subject area

• to be aged 19+

Why choose this course?
It’s designed for those who maintain the quality of assessment from within an organisation or assessment centre.

You’ll be able to develop your skills, gain underpinning knowledge and demonstrate competence in the workplace to help you progress in your career.

About the course
The course consists of the following units:
• unit 4: understanding the principles and practices of internally assuring the quality of assessment
• unit 5: internally assure the quality of assessment

Assessment
You’ll be assessed through a portfolio of evidence, professional discussion and observations. Assessment will take place in your workplace and you’ll have up to one year to complete a portfolio of evidence.

Your career and progression
You could progress on to the Certificate in Leading Internal Quality Assurance of the Assessment Process and Practice (see opposite). Career options include teachers, trainers and assessors.

* Oxford Cambridge and RSA Examinations.
† Qualifications and Credit Framework.

LEADING INTERNAL QUALITY ASSURANCE OF THE ASSESSMENT PROCESS AND PRACTICE OCR® CERTIFICATE LEVEL 4

Duration
5 weeks part-time

Campus
ncn Hucknall

Entry requirements
You’ll need:
• to be managing and monitoring a small assessment team who are assessing candidates each undertaking an awarding organisation (QCF)† accredited qualification

• access to a qualified internal verifier/quality assurer (IV/IQA) in own subject area

• to be aged 19+

Why choose this course?
It’s designed for those who lead a team of internal quality assurance staff. You’ll be able to develop your skills, gain underpinning knowledge and demonstrate competence in the workplace to help you progress in your career.

About the course
The course consists of the following units:
• unit 4: understanding the principles and practices of internally assuring the quality of assessment
• unit 5: internally assure the quality of assessment
• unit 6: plan, allocate and monitor work in own area of responsibility

Assessment
You’ll be assessed through a portfolio of evidence, professional discussion and observations. Assessment will take place in your workplace and you’ll have up to one year to complete a portfolio of evidence.

Your career and progression
You could progress on to the External Quality Assurers Award. Career options include teachers, trainers and assessors.

* Oxford Cambridge and RSA Examinations.
† Qualifications and Credit Framework.
TIME OUT

If you fancy a break from your studies, want somewhere to meet up with friends, or need time out to treat yourself, you don’t have to travel far...

ADAMS RESTAURANT

Based at ncn City in the Adams Building, the Adams Restaurant & Brasserie is led by highly skilled staff dedicated to training the chefs and front-of-house staff of the future. You’ll enjoy high-quality brasserie-style food, gourmet coffee, lunch or dinner at prices that won’t break the bank. The restaurant has recently been awarded an AA College Rosette, a Hospitality Guild Gold Award, and a Certificate of Excellence from TripAdvisor.

To book a table, call: 0115 910 4510

ncn LACE MARKET GALLERY

Our exhibition space at ncn Lace Market Gallery, Stoney Street, is open to the public and run by ncn’s Academy of Visual Arts, Design and Fashion.

The gallery features a dynamic schedule of events including student shows as well as visiting external artists. Our gallery is one of the few spaces in Nottingham to give artists a place to show their work for free.

Open Monday to Friday 10am–4pm
0115 9 100 100
www.ncn.ac.uk

ENTERTAINMENT

With over 80 different student performances throughout the year, whether you’re into fashion, drama, dance or music, there’s something to suit your taste. Events take place at ncn Clarendon and around Nottingham.

Visit our website to find out more: www.ncn.ac.uk.
OUR CAMPUSES

We have a number of campuses located throughout the City. Each has its own distinctive environment, influenced by the subjects studied there and, of course, all of them come with a warm ncn welcome and friendly atmosphere.

BRAND NEW REDEVELOPMENT AT ncn BASFORD HALL

From September 2015 we will have brand new facilities for our students studying construction, science, technology and engineering subjects. The £27m rebuilding project follows a £9m investment by the Skills Funding Agency. You can follow these exciting developments on our website.

CHECK WITH US

We print this publication early to give you plenty of time to make your decision, and whilst we make every effort to ensure the accuracy of the information, it’s advisable to check details before you enrol.

The location of courses may change as we improve and develop our facilities and the College reserves the right to cancel programmes if there is insufficient enrolment.

Up-to-date information on any programme featured in this guide is available by calling us on 0115 9 100 100.

We look forward to your call.
